REEDLEY CITY STREET IMPROVEMENTS (PHASE VI)
CDBG PROJECT No. 14571

SPECIAL PROVISIONS

SECTION 1. SPECIFICATIONS AND PLANS

The work embraced herein shall be done in accordance with the Standard Specifications dated May 2006 and the Standard Plans dated May 2006, of the Department of Transportation insofar as the same may apply and these special provisions.

In case of conflict between the Standard Specifications and these special provisions, the special provisions shall take precedence over and be used in lieu of the conflicting portions.

Amendments to the Standard Specifications set forth in these special provisions shall be considered as part of the Standard Specifications for the purposes set forth in Section 5-1.04, "Coordination and Interpretation of Plans, Standard Specifications and Special Provisions," of the Standard Specifications. Whenever either the term "Standard Specifications is amended" or the term "Standard Specifications are amended" is used in the special provisions, the indented text or table following the term shall be considered an amendment to the Standard Specifications. In case of conflict between such amendments and the Standard Specifications, the amendments shall take precedence over and be used in lieu of the conflicting portions.

SECTION 2. PROPOSAL REQUIREMENTS AND CONDITIONS

2-1.01 GENERAL

The bidder's attention is directed to the provisions in Section 2, "Proposal Requirements and Conditions," of the Standard Specifications and these special provisions for the requirements and conditions which the bidder must observe in the preparation of and the submission of the bid.

The bidder's bond shall conform to the requirements specified in the bond form included in the Bid and Contract Documents for the project and shall be properly filled out and executed. The bidder's bond form included in the Bid and Contract Documents may be used. The bid shall be accompanied by a certified check or bid bond, in the amount of ten percent (10%) of the total maximum bid price (combination of base bid plus add alternate bids). Such certified check or bid bond shall be made payable to the City of Reedley.

In conformance with Public Contract Code Section 7106, a Noncollusion Affidavit form is included in the Bid and Contract Documents. Bidder must submit a signed Noncollusion Affidavit with their bid.

The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of Title 49 CFR (Code of Federal Regulations) part 26 in the award and administration of HUD assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate. Each subcontract signed by the bidder must include this assurance.

Failure of the bidder to fulfill the requirements of the Special Provisions for submittals required to be furnished after bid opening, including but not limited to escrowed bid documents, where applicable, may subject the bidder to a determination of the bidder's responsibility in the event it is the apparent low bidder on a future public works contracts.

2-1.015--FEDERAL LOBBYING RESTRICTIONS.--Section 1352, Title 31, United States Code prohibits Federal funds from being expended by the recipient or any lower tier sub recipient of a Federal-aid contract to pay for any person for influencing or attempting to influence a Federal agency or Congress in connection with the awarding of any Federal-aid contract, the making of any Federal grant or loan, or the entering into of any cooperative agreement.

If any funds other than Federal funds have been paid for the same purposes in connection with this Federal-aid contract, the recipient shall submit an executed certification and, if required, submit a completed disclosure form as part of the bid documents.

Standard Form - LLL, "Disclosure of Lobbying Activities," with instructions for completion of the Standard Form is included in the Bid and Contract Documents. Bidder must submit a signed standard form with their bid.

The above referenced disclosure of lobbying activities shall be included in each subcontract and any lower-tier contracts exceeding \$100,000. All disclosure forms shall be forwarded from tier to tier until received by the Engineer.

The Contractor, subcontractors and any lower-tier contractors shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by the Contractor, subcontractors and any lower-tier contractors. An event that materially affects the accuracy of the information reported includes:

- (1) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
- (2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
- (3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal Action.

SECTION 3. AWARD AND EXECUTION OF CONTRACT

3-1.01 GENERAL

The bidder's attention is directed to the provisions in Section 3, "Award and Execution of Contract," of the Standard Specifications and these special provisions for the requirements and conditions concerning award and execution of contract.

Bid protests are to be delivered to the following address: City of Reedley, City Clerk's Office, 1733 Ninth Street, Reedley, CA, 93654

The award of the contract, if it be awarded, will be to the lowest responsible bidder whose bid complies with all the requirements prescribed.

The award, if awarded, will be made within 45 calendar days after the opening of bids.

The contract shall be executed by the successful bidder and shall be returned, together with the contract bonds, to the Agency so that it is received within 10 days, not including Saturdays, Sundays and legal holidays, after the bidder has received the contract for execution. Failure to do so shall be just cause for forfeiture of the proposal guaranty. The executed contract documents shall be delivered to the following address: City of Reedley, 1733 9th Street, Reedley, CA 93654 Attention: City Engineer.

The successful bidder is encouraged to provide written confirmation from each DBE that the DBE is participating in the contract. A copy of a DBE's quote will serve as written confirmation that the DBE is participating in the contract. If a DBE is participating as a joint venture partner, the successful bidder is encouraged to submit a copy of the joint venture agreement.

SECTION 4. BEGINNING OF WORK, TIME OF COMPLETION AND LIQUIDATED DAMAGES

Attention is directed to the provisions in Section 8-1.03, "Beginning of Work;" in Section 8-1.06 "Time of Completion;" and in Section 8-1.07, "Liquidated Damages;" of the Standard Specifications and these special provisions.

The Contractor shall begin work within 15 calendar days after the contract has been approved by an authorized representative of the City of Reedley and a Notice to Proceed has been issued.

This work shall be diligently prosecuted to completion before the expiration of Sixty (60) WORKING DAYS beginning on the day specified in the Notice to Proceed.

The Contractor shall pay to the City of Reedley in the sum of **\$500** per day, for each and every calendar day's delay in finishing the work in excess of the number of working days prescribed above.

SECTION 5. GENERAL

5-1. MISCELLANEOUS

5-1.1 LABOR NONDISCRIMINATION. -- Attention is directed to the following Notice that is required by Chapter 5 of Division 4 of Title 2, California Code of Regulations.

NOTICE OF REQUIREMENT FOR NONDISCRIMINATION PROGRAM (GOV. CODE, SECTION 12990)

Your attention is called to the "Nondiscrimination Clause", set forth in Section 7-1.01A(4), "Labor Nondiscrimination," of the Standard Specifications, which is applicable to all nonexempt state contracts and subcontracts, and to the "Standard California Nondiscrimination Construction Contract Specifications" set forth therein. The Specifications are applicable to all nonexempt state construction contracts and subcontracts of \$5,000 or more.

5-1.2 PREVAILING WAGE. -- Attention is directed to Section 7-1.01A(2), "Prevailing Wage," of the Standard Specifications.

The prevailing wage rates as determined by the Director of Industrial Relations of the State of California shall apply to this project. In accordance with the provisions of Section 1770 of the Labor Code, the Director of the Department of Industrial Relations of the State of California has determined the general prevailing rates of wages and employer payments for health and welfare, pension, vacation, travel time, and subsistence pay as provided for Section 1773.8 of the California Labor Code, apprenticeship or other training programs authorized by Section 3093 of said code, and similar purposes applicable to the work to be done. Said wages are on file with the City of Reedley and County of Fresno and are incorporated herein by reference. By submission of a bid, bidder stipulates and agrees to abide by the provisions of the Labor Code related to payment of prevailing wage or promptly pay a penalty of \$50.00 per day per worker paid less than prevailing wage pursuant to the provisions of Labor Code Section 1775. A work day shall not exceed eight hours labor per day or forty (40) hours labor per week. The successful bidder shall keep an accurate record of employees' hours worked by calendar day and week.

Minimum wage rates for this project, as predetermined by the Secretary of Labor, are set forth herein in the Bid and Contract Documents and incorporated as part of the special provisions. These wage rates may be examined at the City of Reedley where the project plans, special provisions, bid and contract documents may be seen. If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the prevailing wage rates determined by the Director of the Department of Industrial Relations of the State of California for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the higher wage rate.

In accordance with the provisions of Section 1770 of the Labor Code, the Director of the Department of Industrial Relations of the State of California has determined the general prevailing rates of wages and employer payments for health and welfare, pensions, vacation, travel time and subsistence pay provided for in Section 1773.8, apprenticeship or other training programs authorized by Section 3093, and similar purposes applicable to the work to be done.

Said wages are on file with the Clerk of the Fresno Board of Supervisors, the City of Reedley and are incorporated herein by reference.

5-1.3 PUBLIC SAFETY

The Contractor shall provide for the safety of traffic and the public in conformance with the provisions in Section 7-1.09, "Public Safety," of the Standard Specifications and these special provisions.

The Contractor shall install temporary railing (Type K) between a lane open to public traffic and an excavation, obstacle or storage area when the following conditions exist:

- A. Excavations.—The near edge of the excavation is 12 feet or less from the edge of the lane, except:
 - 1. Excavations covered with sheet steel or concrete covers of adequate thickness to prevent accidental entry by traffic or the public.
 - 2. Excavations less than 1 foot deep.
 - 3. Trenches less than 1 foot wide for irrigation pipe or electrical conduit, or excavations less than 0.3-m in diameter.
 - 4. Excavations parallel to the lane for the purpose of pavement widening or reconstruction.
 - 5. Excavations in side slopes, where the slope is steeper than 1:4 (vertical: horizontal).
 - 6. Excavations protected by existing barrier or railing.
- B. Temporarily Unprotected Permanent Obstacles.—The work includes the installation of a fixed obstacle together with a protective system, such as a sign structure together with protective railing, and the Contractor elects to install the obstacle prior to installing the protective system; or the Contractor, for the Contractor's convenience and with permission of the Engineer, removes a portion of an existing protective railing at an obstacle and does not replace such railing complete in place during the same day.
- C. Storage Areas.—Material or equipment is stored within 12 feet of the lane and the storage is not otherwise prohibited by the provisions of the Standard Specifications and these special provisions.

Temporary crash cushion modules shall conform to the provisions in "Temporary Crash Cushion Module" of these special provisions.

The lane closure provisions of this section shall not apply if the work area is protected by permanent or temporary railing or barrier.

When traffic cones or delineators are used to delineate a temporary edge of a traffic lane, the line of cones or delineators shall be considered to be the edge of the traffic lane, however, the Contractor shall not reduce the width of an existing lane to less than 3 m without written approval from the Engineer.

When work is not in progress on a trench or other excavation that required closure of an adjacent lane, the traffic cones or portable delineators used for the lane closure shall be placed off of and

adjacent to the edge of the traveled way. The spacing of the cones or delineators shall be not more than the spacing used for the lane closure.

Suspended loads or equipment shall not be moved nor positioned over public traffic or pedestrians.

Full compensation for conforming to the provisions in this section "Public Safety," including furnishing and installing temporary railing (Type K) and temporary crash cushion modules, shall be considered as included in the contract prices paid for the various items of work involved and no additional compensation will be allowed therefore.

5-1.4 NOT USED

5-1.5 NOT USED

5-1.6 NOT USED

5-1.7 NOT USED

5-1.8 PERFORMANCE OF SUBCONTRACTORS

The subcontractors listed by you in Bid and Contract Documents shall list therein the name and address of each subcontractor to whom the bidder proposes to subcontract portions of the work in an amount in excess of one-half of one percent of the total bid or \$10,000, whichever is greater, in accordance with the Subletting and Subcontracting Fair Practices Act, commencing with Section 4100 of the Public Contract Code. The bidder's attention is invited to other provisions of the Act related to the imposition of penalties for a failure to observe its provisions by using unauthorized subcontractors or by making unauthorized substitutions.

5-1.9 SUBCONTRACTING

No subcontract releases the Contractor from the contract or relieves the Contractor of their responsibility for a subcontractor's work.

If the Contractor violates Pub Cont Code § 4100 et seq., the City of Reedley may exercise the remedies provided under Pub Cont Code § 4110. The City of Reedley may refer the violation to the Contractors State License Board as provided under Pub Cont Code § 4111.

The Contractor shall perform, with the Contractor's own organization, contract work amounting to not less than 50 percent of the value of the original total bid with the Contractor's own employees and equipment, owned or rented, with or without operators.

Each subcontract must comply with the contract.

Each subcontractor must have an active and valid State contractor's license with a classification appropriate for the work to be performed (Bus & Prof Code, § 7000 et seq.).

Submit copies of subcontracts upon request by the Engineer.

Before subcontracted work starts, submit a Subcontracting Request form.

Do not use a debarred contractor; a current list of debarred contractors is available at the Department of Industrial Relations' Web site.

Upon request by the Engineer, immediately remove and not again use a subcontractor who fails to prosecute the work satisfactorily.

Each subcontract and any lower tier subcontract that may in turn be made shall include the "Required Contract Provisions Federal-Aid Construction Contracts" in Section 14 of these special provisions. Noncompliance shall be corrected. Payment for subcontracted work involved will be withheld from progress payments due, or to become due, until correction is made. Failure to comply may result in termination of the contract.

5-1.10 NOT USED

5-1.11 NOT USED

5-1.12 NOT USED

5-1.13 NOT USED

5-1.14 PARTNERING -- The City of Reedley will promote the formation of a "Partnering" relationship with the Contractor in order to effectively complete the contract to the benefit of both parties. The purpose of this relationship will be to maintain cooperative communication and mutually resolve conflicts at the lowest possible management level.

The Contractor may request the formation of such a "Partnering" relationship by submitting a request in writing to the Engineer after approval of the contract. If the Contractor's request for "Partnering" is approved by the Engineer, scheduling of a "Partnering" workshop, selecting the "Partnering" facilitator and workshop site, and other administrative details shall be as agreed to by both parties.

The costs involved in providing a facilitator and a workshop site will be borne equally by the City of Reedley and the Contractor. The Contractor shall pay all compensation for the wages and expenses of the facilitator, and of the expenses for obtaining the workshop site. The State's share of such costs will be reimbursed to the Contractor in a change order written by the Engineer. Markups will not be added. All other costs associated with the "Partnering" relationship will be borne separately by the party incurring the costs.

The establishment of a "Partnering" relationship will not change or modify the terms and conditions of the contract and will not relieve either party of the legal requirements of the contract.

5-1.15 PAYMENTS. -- Attention is directed to Section 9-1.06, "Partial Payments," and 9-1.07, "Payment After Acceptance," of the Standard Specifications and these special provisions.

Pursuant to SB 293 of the California Legislation, The City shall retain five (5) percent of the estimated value of the work done for each progress payment as part security for the fulfillment of the contract by the Contractor. At the discretion of the Engineer, at any time after fifty (50) percent of the work has been completed, if the Engineer finds that satisfactory progress is being

made, the City may reduce the amount retained from any of the remaining partial progress payments in accordance with Section 9203 of the State Public Contract Code.

No partial payment will be made for any materials on hand which are furnished but not incorporated in the work.

Retention shall be released at the latest sixty (60) days after the occurrence of any of the definitions of “Completion” for purposes of Public Contract Code Section 7107 (see definitions of “Completion” below). Any final payment and release of retentions will exclude any amounts withheld in conformance with Section 9-1.05, “Stop Notices” and Public Contract Code section 7107.

For purposes of retention release under Public Contract Code section 7107, “completion” means any of the following:

1. The occupation, beneficial use, and enjoyment of a work of improvement, excluding any operation only for testing, startup, or commissioning, by the public agency, or its agent, accompanied by cessation of labor on the work of improvement.
2. The acceptance by public agency, or its agent, of the work of improvement.
3. After the commencement of a work of improvement, a cessation of labor on the work of improvement for a continuous period of 100 days or more, due to factors beyond the control of the contractor.
4. After the commencement of a work of improvement, a cessation of labor on the work of improvement for a continuous period of 30 days or more, if the public agency files for record a notice of cessation or notice of completion.

5-1.16 ENCROACHMENT PERMIT

Prior to start of work within the City of Reedley's right-of-way or work affecting the City facilities, the contractor will be required to obtain an Encroachment Permit from the Community Development Department at:

City of Reedley,
Community Development Department
Engineering Division
1733 Ninth Street
Reedley, CA 93654

Application fee and site inspection costs, due at the time of application, are \$ 0.00. A copy of this Encroachment Permit to be issued to the City of Reedley will be available at:

1733 NINTH STREET, REEDLEY, CA 93654 (559)637-4200 EXT. 295

Full compensation for conforming to the requirements in this permit shall be considered as included in the contract prices paid for the various item or work and no additional compensation will be allowed therefore.

SECTION 6. CITY SPECIAL PROVISIONS

6.1 DELAY CLAIM

Contractor must give "Written Notice" of Delay Claim within ten (10) days of event or occurrence giving rise to the Delay Claim, or Contractor waives its Delay Claim.

For purposes of this Contract, Delay Claim shall be defined as follows:

A written demand by Contractor seeking time or compensation, or both, for delays to the Project, such claim must include documents supporting said Delay Claim, including, but not limited to, evidence of all facts supporting alleged claim and current schedule showing impact or event or occurrence on Critical Path.

The Contractor understands and agrees that Contractor cannot file a Delay Claim unless event or occurrence delays completion of the Project beyond the contractual completion date.

The Contractor understands and agrees that Contractor cannot file a Delay Claim unless delay is to critical activity while said Critical Activity is on the Critical Path.

Submission of a claim, properly certified, with all required supporting documentation, and written rejection or denial of all or part of the claim by the City is a condition precedent to any action, proceeding, litigation, suite, or demand for arbitration by Contractor. A copy of the Delay Claim is enclosed in the Appendix of these Project Special Provisions.

6.2 NOTICE TO RESIDENTS AND AGENCIES

The Contractor shall give written notice to all of the residents within the project limits as to when construction is to start, end, and the contractors name and phone number. A standard form may be used.

For every occurrence when property access, sewer service or water source is to be interrupted by the Contractor's work, the Contractor shall give written notice to all affected residents/tenants/businesses not less than two (2) calendar days nor more than five (5) calendar days prior to said interruption. These notice(s) shall be in addition to the initial notice to residents/tenants/businesses described above.

The Contractor shall conduct his operations in a manner which minimizes these disruptions, shall so instruct his labor force and subcontractors to minimize disruption, and shall provide accurate and timely information to residents and businesses along the work as well as the public. All workers shall conduct themselves in a respectful and businesslike manner while engaged in work on this project.

6.3 REGIONAL NOTIFICATION CENTER CONTACT

Contractor shall, except in an emergency as defined below, contact the appropriate regional notification center at least two (2) full days prior to commencing any excavation, if the excavation will be conducted in an area or on a private easement which is known, or reasonably should be known, to contain subsurface installation, other than the underground facilities which may be owned or operated by the City, and obtain an inquiry identification number from that notification center. No excavation shall be commenced and carried out by Contractor unless such an inquiry number has been assigned to Contractor, or any subcontractor of the Contractor, and the City has been given the identification number by Contractor in writing.

Emergency shall be defined as a sudden, unexpected occurrence, involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of or damage to life, health, property, or essential public services. Emergency includes such occurrences as riot, accident, or sabotage (Government Code Section 3216).

Subsurface installation means any underground pipeline, conduit, duct, wire, or other structure operated or maintained in or across a public street or public right-of-way (Government Code Section 4216).

6.4 CONTRACTOR'S LIABILITY INSURANCE

Contractor shall indemnify, save, keep and hold harmless the City, the County of Fresno (County), the United States, Department of Housing and Urban Development (HUD), and each of their respective officers, agents and employees against any and all claims, demands, causes of action, damages (including damages to City property), costs, or liabilities (including cost of liabilities of City employees), in law or equity, of every kind or nature whatsoever, directly or

proximately caused by the performance of the contract, whether such performance is by Contractor, his subcontractor, or anyone directly or indirectly employed by him. Contractor shall, at his sole risk and expense, defend any and all suits, actions, or other legal proceedings which may be brought or instituted by third parties against City, County, and the United States (HUD) and each of their officers or employees on any such claim, demand, or cause of action, and Contractor shall pay and satisfy any judgment or decree which may be rendered against City, County and United States (HUD), and each of their officers or employees on any such claim, demand or other legal proceedings. City will not be liable for any accident, loss, or damage to the work prior to its completion and acceptance.

Contractor shall procure and maintain, for the duration of the contract, insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the work hereunder by Contractor, his agents, representatives, employees or subcontractors. The cost of such insurance shall be included in Contractor's bid.

A. Minimum Scope of Insurance - Coverage shall be at least as broad as:

1. Insurance Services Office form number GL 0002 (Ed. 1/73 or most recent revision) covering Comprehensive General Liability, and Insurance Services Office form number GL 0404 covering Broad Form Comprehensive General Liability.
2. Insurance Services Office form number CA 0001 (Ed. 1/87 or most recent revision) covering Automobile Liability code 1 (any auto).
3. Worker's Compensation as required by the Labor Code of the State of California and Employer's Liability Insurance.

B. Minimum Limits of Insurance – the contractor shall furnish the City with Certificate(s) of Insurance, indicating insurance coverage with respect to the liability assumed by the Contractor and shall further indicate insurance coverage with minimum limits as follows. Contractor shall maintain limits no less than:

1. Comprehensive General Liability: \$1,000,000 combined (\$500,000 each occurrence, \$500,000 aggregate) single limit per occurrence for bodily injury, personal injury and property damage.
2. Automobile Liability: \$1,000,000 combined single limit per accident for bodily injury, personal injury and property damage.
3. Worker's Compensation and Employer's Liability: Worker's Compensation limits as required by the Labor Code of the State of California and Employer's Liability limits of \$1,000,000 per accident.

C. Deductibles and Self-Insured Retention's - Any deductibles or self-insured retention's must be declared to and approved by the City and County. At the option of City, or

County: either the insurer shall reduce or eliminate such deductibles or self-insured retention's as respects City, County and each of their officials and employees; or Contractor shall procure a bond guaranteeing payment of losses and related investigation, claim administration and defense expenses.

D. Other Insurance Provisions - The policies are to contain, or be endorsed to contain, the following provisions:

1. General Liability and Automobile Coverage

- a. An Additional Insured Endorsement to the Contractor's Liability insurance policy naming the City, County and the United States (HUD), and each of their officials, employees and volunteers are to be covered as additionally insured as respects: liability arising out of activities performed by or on behalf of Contractor; products and completed operations of Contractor; premises owned, leased, hired or borrowed by Contractor. The coverage shall contain no special limitations on the scope of protection afforded to City, County and the United States (HUD) and each of their officials, employees or volunteers. The contractor's property damage liability insurance shall include coverage for property damage caused by blasting, collapse, structural injuries or damage to underground utilities. The policy shall not contain the so call "x", "c" or "u" exclusions.
- b. Contractor's insurance coverage shall be primary insurance as respects City, County and each of their officials, employees and volunteers. Any insurance or self-insurance maintained by City, County and the United States (HUD) and each of their officials, employees or volunteers shall be excess of Contractor's insurance and shall not contribute with it.
- c. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to the City, County and the United States (HUD) and each of their officials, employees or volunteers.
- d. Coverage shall state that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

2. Worker's Compensation and Employer's Liability Coverage- The insurer shall agree to waive all rights of subornation against City, County and United States (HUD) and each of their officials, employees and volunteers for losses arising from work performed by Contractor for City.

3. All Coverage's- Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, revoked, voided, canceled or reduced

on coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the City.

- E. Acceptability of Insurers - Insurance shall be placed with insurers with a Best's rating of no less than A-VIII.
- F. Verification of Coverage - Contractor shall furnish City with certificates of insurance and with original endorsements affecting coverage required by this clause. The certificates and endorsements for each policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on forms provided by City and are to be received and approved by City before work commences.
- G. Subcontractors - Contractor shall include all subcontractors as insured under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverage's for subcontractors shall be subject to all of the requirements stated herein.

6.5 CONTRACT ADMINISTRATION

The work embraced herein shall be administered by the City of Reedley, Engineering Division. All construction staking, inspection, progress payment preparation, and other construction reviews shall be provided by the City except where specifically set forth otherwise in these Specifications, or as designated by the Engineer.

6.6 PRECONSTRUCTION CONFERENCE

Prior to the start of construction, a meeting will be called by the City with the Contractor, Sub-Contractors, the County of Fresno and interested agencies affected by the work, to discuss the proposed work. **The Contractor shall present a proposed construction schedule at this meeting or shortly thereafter.** The schedule shall be in the form of a tabulation, chart, or graph and shall be in sufficient detail to show the chronological relationship of all activities of the project including, but not limited to, estimated starting and completion dates of various activities, procurement of materials, and scheduling of equipment. The construction schedule shall reflect completion of all work under this contract within the specified time and in accordance with these Special Provisions. The Contractor shall also furnish a plan showing proposed traffic control during construction, all to be approved by the City prior to commencement of work. The Contractor shall also furnish, upon request, any and all material compliance certifications for review by the City.

At this meeting, the Contractor shall also furnish to the City an emergency availability list, which lists persons, together with their addresses and home telephone numbers, who are authorized to act on behalf of the Contractor in an emergency arising out of conditions at the work site after normal working hours.

6.7 ONE-YEAR GUARANTEE

Besides guarantees required elsewhere, the Contractor shall and hereby does guarantee all work, workmanship, and materials for a period of one-year after recorded acceptance of the work by the City and shall repair or remove and replace any and all such work, together with any other work which may be displaced in so doing, that is found to be defective in workmanship and/or materials within the one-year period from date of acceptance, without expenses whatsoever to the City, ordinary wear and tear and unusual abuse or neglect excepted. In the event of failure to comply with the above-mentioned conditions within a week after being notified in writing, the City is hereby authorized to proceed to have the defects remedied and made good at the expense of the Contractor who hereby agrees to pay the cost and charges therefore immediately on demand. Such action by the City will not relieve the Contractor of the guarantee required by this article or elsewhere in the contract document.

If, in the opinion of the City defective work creates a dangerous condition or requires immediate correction or attention to prevent interruption of operations of the City, the City will attempt to give the notice required by this article. If the Contractor cannot be contacted or does not comply with the City's request for correction within a reasonable time as determined by the City, the City may, notwithstanding the provisions of this article, proceed to make such correction or provide such attention; and the costs of such correction or attention shall be charged against the Contractor. Such action by the City will not relieve the Contractor of the guarantees required by this article or elsewhere in the contract documents.

This article does not in any way limit the guarantee on any items for which a longer guarantee is specified or on any items for which a manufacturer or supplier gives a guarantee for a longer period. The Contractor agrees to act as a co-guarantor with such manufacturer or supplier and shall furnish the City with all appropriate guarantees or warranty certificates upon completion of the project. No guarantee period, whether provided for in this article or elsewhere, shall in any way limit the liability of Contractor or his sureties or insurers under the indemnity or insurance provisions of the Standard Specifications.

6.8 NOT USED

6.9 CONSTRUCTION STAKING

The City will retain and pay a qualified surveyor to set construction stakes as requested by the Contractor. The City will supply the Contractor with the appropriate request form. This form is to be completed in ink and submitted to the City for review and approval a minimum of 48 hours in advance of needing any stakes. The City will contact the surveyor and forward the request. The Contractor is not to request any surveying service directly from the surveyor. All requests must go through the City.

The Contractor will pay for all re-staking made necessary to replace stakes destroyed or removed during the project. Payment for the re-staking will be made by the City and deducted from payments made to the Contractor.

6.10 OBSTRUCTIONS

Attention is directed to Section 8-1.10 "Utility and Non-Highway Facilities," and 15, "Existing Highway Facilities," of the State Standard Specifications and these Special Provisions.

The Contractor shall notify the City and the appropriate regional notification center for operators of subsurface installations at least two working days prior to performing any excavation or other work close to any underground pipeline, conduit, duct, wire, or other structure.

The City has made a diligent attempt to show on the Construction Drawings all utilities, which may affect the work. Utilities are shown at their most probable location, based upon available "as-built" drawings and known construction customs. The Contractor shall exercise extreme caution in excavating for this project and shall protect existing utilities from damage inasmuch as their exact location is unknown until exposed by the excavation. All existing utility mains and services shall be kept in constant service during the life of the contract.

Full compensation for all costs involved in locating, verifying, protecting, exposing, and otherwise providing for utilities shall be included in the amounts bid for the various items of work and no additional compensation shall be made, therefore.

6.11 SITE MAINTANENCE (House Keeping)

The Contractor and/or subcontractor(s) working on site on any given day shall make sure that all construction debris/dirt/trash etc., is picked up and removed from all travel ways (streets and sidewalks) at the end of each work day. Site maintenance is of great importance. The City will inspect all project site(s) at the end of each working day. If the City deems the site(s) unacceptable, the Contractor and/or Sub contractor shall make the needed corrections or face a penalty of \$150.00 per day. It is strongly recommended that the last contractor on site call the City for a quick review of the project site. In no case shall sediment, dirt, or construction debris be allowed to enter the City storm drain system.

6.12 AIR POLLUTION CONTROL

The Contractor shall comply with all air pollution control rules, regulations, ordinances and statutes which apply to any work performed pursuant to the contract, including any air pollution control rules, regulations, ordinances and statutes, specified in Section 11017 of the Government Code. Contractor shall comply with all applicable rules, regulations, permitting requirements for the San Joaquin Valley Air Pollution Control District.

6.13 SOURCE OF CONSTRUCTION WATER AND USAGE

Watering shall conform to the provisions in Section 17, "Watering," of the State Standard Specifications and these Special Provisions.

Water for construction will be furnished at no cost to the Contractor. The City Engineer will designate the hydrant or taps from which water may be drawn and the Contractor shall furnish

his own equipment for transporting and applying water. Such equipment shall meet the approval of the City Engineer. Contractor shall obtain a fire hydrant flow meter from City Public Works Department at 1733 9th Street, through an Encroachment Permit Application process along with a deposit for \$799.95 and a \$58.66/month rental fee. Said deposit shall be returned to the contractor after the fire hydrant flow meter is returned to the City in good working condition.

The Contractor or his subcontractors shall provide, at all times, an approved backflow prevention device between the public water supply and his equipment for transporting water or when there appears that a backflow condition could be caused by the method or equipment used by the Contractor or his subcontractors to draw water from the public supply. No water will be supplied until the Contractor has complied with the aforementioned requirement to supply an approved backflow prevention device.

When water is not needed for dust control or proper prosecution of the work, watering equipment may be removed from the project.

Full compensation for transporting and applying water shall be included in the price bid for the various items of work and no additional compensation shall be made, therefore.

6.14 MATERIAL TESTING

The Owner will retain and pay a qualified testing laboratory to take all field samples and do all laboratory testing necessary to insure compliance of the work to the Contract Documents. The laboratory shall submit results of all testing done during the course of the work to the Owner and Contractor.

Notify testing lab a minimum of 24 hours in advance of testing required to satisfy requirements of this section.

Should the test results show work which does not satisfy the requirements of the Contract Documents, the Contractor shall pay for all additional tests required to determine the extent of work that is not satisfactory and for all additional tests necessary to demonstrate compliance with these specifications. Payment for the re-testing shall be made by the Owner and deducted from payments made to the Contractor.

6.15 NOT USED

6.16 DAILY PERSONNEL AND EQUIPMENT REPORTS

The Contractor shall be required per these special provisions to prepare and submit daily reports of all personnel and equipment used on the project each and every day. Reports must be submitted to the inspector either at the end of the workday or first thing in the following morning. Failure to submit reports will result in delaying the next progress payment. Daily reports must be reviewed and signed by the job supervisor. The prime contractor is also responsible for the submission of the daily reports by all subcontractors. See appendix for a reproducible copy of the daily report form.

6.17 WORK ZONE SAFETY AND MOBILITY

A. POLICY: It is the policy of the City of Reedley to adhere to the provisions of the MUTCD in order to provide a smooth and efficient flow of traffic, while retaining safety through the roadway work zone.

B. TRAFFIC CONTROL PLAN: To be prepared by the contractor or his agent and submitted to the City of Reedley for review by the City Engineer.

SECTION 7. FORCE ACCOUNT PAYMENT

7-1.01 LABOR SURCHARGE

Attention is directed to the provisions in Section 9-1.03A(1b) of the Standard Specifications. The labor surcharge to be added to the actual wages paid, as defined in Section 9-1.03A(1a) of the Standard Specifications, shall be **13** percent of the actual wages, except as provided for the premium portion of dump truck operation wages as provided in the Equipment Rental Rates referred to in Section "Equipment Rental Rates" of these Special Provisions.

7-1.02 RECORDS

Attention is directed to the provisions in the second paragraph of Section 9-1.03C of the Standard Specifications.

The Contractor shall furnish to the Engineer completed daily extra work reports, on forms furnished by the Engineer for each day's extra work to be paid for on a force account basis no later than the second working day following the work for labor and equipment involved and no later than the fifth working day for material invoices and specialized forces. Unless otherwise permitted by the Engineer, no payment will be made for extra work on a force account basis if it has not been reported within the time and in the manner specified.

7-1.03 EQUIPMENT RENTAL RATES

Attention is directed to the provisions of section 9-1.03A(3) of the Standard Specifications. The equipment rental rates to be paid are listed in a table entitled "County of Fresno, Public Works & Development Services Department, Equipment Rental Rates" on file with the Clerk of the Board of Supervisors, Room 301, Hall of Records, Fresno, California, and are incorporated herein by reference.

Copies of the equipment rental rates may be obtained from the County of Fresno, Public Works & Development Services Department, Design Services Section, Seventh Floor, Fresno County Plaza Building, 2220 Tulare Street, Fresno, CA 93721. Phone (559) 262-4109.

The rates to be applied to this project are the latest rates dated on or before the date of approval of this contract for advertising. The date of approval for advertising appears on the last page of the Notice to Contractors for this project.

7-1.04 SUPPLEMENTAL (EXTRA) WORK

New and unforeseen work which will be classed as extra work in accordance with the provisions of Section 4-1.03D, "Extra Work," of the Standard Specifications.

Supplemental (Extra) Work shall be performed only upon direct written authorization from the City Engineer and County of Fresno and "Extra Work" request reports shall be submitted to and approved by the City Engineer and County of Fresno in accordance with the provisions of Section 9-1.03C, "Records," of the Standard Specifications.

SECTION 8. MATERIALS

8-1.01 NOT USED

8-1.02 CITY FURNISHED MATERIALS

Attention is directed to Section 6-1.02, "State-Furnished Materials," of the Standard Specifications and these special provisions.

All materials will be furnished by the Contractor.

8-1.03 MEASUREMENT OF MATERIALS

Attention is directed to Section 9-1.01 "Measurement of Quantities" of the Standard Specifications and these Special Provisions.

8-1.04 TRADE NAMES AND ALTERNATIVES

Whenever an article, or any class of materials, is specified by trade name or by the name of any particular patentee, manufacturer or dealer, or by reference to the catalog of any such manufacturer or dealer, it shall be taken as intending to mean and specify the article or material described or any other equal thereto in quality, finish and durability, and equally as serviceable for the purpose for which it is or they are intended. The intent of the plans and specifications is to specify high grade standard equipment, and it is not the intent of these plans and specifications to exclude or omit the products of any responsible manufacturer, if such products are equal in every respect to those mentioned herein.

8-1.05 PREQUALIFIED AND TESTED SIGNING AND DELINEATION MATERIALS

The Department maintains a trade name list of approved prequalified and tested signing and delineation materials and products. Approval of prequalified and tested products and materials shall not preclude the Engineer from sampling and testing of the signing and delineation materials or products at any time.

None of the listed signing and delineation materials and products shall be used in the work unless material or product is listed on the Department's List of Approved Traffic Products. A Certificate of Compliance shall be furnished as specified in Section 6-1.07, "Certificates of Compliance," of the Standard Specifications for signing and delineation materials and products. The certificate shall also certify that the signing and delineation material or product conforms to the prequalified testing and approval of the Department of Transportation, Division of Traffic

Operations and was manufactured in conformance with the requirements in the approved quality control program.

Materials and products will be considered for addition to the approved prequalified and tested list if the manufacturer of the material or product submits to the Division of Traffic Operations a sample of the material or product. The sample shall be sufficient to permit performance of required tests. Approval of materials or products will be dependent upon a determination as to compliance with the specifications and test the Department may elect to perform.

The following is a listing of approved prequalified and tested signing and delineation materials and products:

**PAVEMENT MARKERS, PERMANENT TYPE
REFLECTIVE**

Apex, Model 921 (4"x4")

Pavement Markers, Inc., "Hye-Lite" (4"x4")

Ray-O-Lite, Models SS (4"x4"), RS (4"x4") and AA (4"x4")

Stimsonite, Models 88 (4" x4"), 911 (4"x4"), 953 (2.75"x4.5")

Ray-O-Lite, Model 2002 (2.2"x4.7")*

Stimsonite, Model 948 (2.3"x4.7")*

* Not to be used on asphalt concrete surfaces in desert regions as determined by the Engineer

REFLECTIVE WITH ABRASION RESISTANT SURFACE (ARS)

Ray-O-Lite "AA" ARS (4"x4")

Stimsonite, Models 911 (4"x4"), 953 (2.75"x4.5")

Ray-O-Lite, Model 2002 (2.2"x4.7")*

Stimsonite, Model 948 (2.3"x4.7")*

* Not to be used on asphalt concrete surfaces in desert regions as determined by the Engineer

REFLECTIVE WITH ABRASION RESISTANT SURFACE (ARS)

(Used for recessed applications)

Stimsonite, Model 948 (2.3"x4.7")

Ray-O-Lite, Model 2002 (2.2"x4.7")

Stimsonite, Model 944SB (2"x4")*

Ray-O-Lite, Model 2004 ARS (2"x4")*

* For use only in 4.5-inch wide (older) recessed slots

NON-REFLECTIVE FOR USE WITH EPOXY ADHESIVE

Apex Universal (Ceramic)

Highway Ceramics, Inc. (Ceramic)

NON-REFLECTIVE FOR USE WITH BITUMEN ADHESIVE

Apex Universal (Ceramic)
Apex Universal, Model 929 (ABS)
Elgin Molded Plastics, "Empco-Lite" Model 900 (ABS)
Highway Ceramics, Inc. (Ceramic)
Hi-Way Safety, Inc., Models P20-2000W and 2001Y (ABS)
Interstate Sales, "Diamond Back" (ABS)
Loomis Plastics, D-Dot (ABS)
Pavement Markers, Inc., (Marker Supply) - Models A1107 and AY1108 (ABS)
Road Creations, Model RCB4NR (Acrylic)

PAVEMENT MARKERS, TEMPORARY TYPE

TEMPORARY MARKERS FOR LONG TERM DAY/NIGHT USE (6 months or less)

Apex Universal, Model 924 (4"x4")
Davidson Plastics, Model 3.0 (4"x4")
Elgin Molded Plastics, "Empco-Lite" Model 901 (4" Round)
Highway Technologies, Megalites (4"x4")
Road Creations, Model R41C (4"x4")
Vega Molded Products "Temporary Road Marker" (3"x4")

TEMPORARY MARKERS FOR SHORT TERM DAY/NIGHT USE (14 days or less)
(For seal coat or chip seal applications, clear protective covers are required)

Apex Universal, Model 932
Davidson Plastics, Models T.O.M., T.R.P.M. and "HH" (High Heat)
Hi-Way Safety, Inc., Model 1280/1281

STRIPING AND PAVEMENT MARKING MATERIALS

PERMANENT TRAFFIC STRIPING AND PAVEMENT MARKING TAPE

Advanced Traffic Marking, Series 300 and 400
Brite-Line, Series 1000
Swarco Industries, "Director 35" (For transverse application only)
Swarco Industries, "Director 60"
3M, "Stamark" Series 380 and 5730
3M, "Stamark" Series A320 Bisymmetric (For use on low-volume roadways only)
3M, "Stamark" Series A420, A440, N420 and N440 (For transverse application only)

TEMPORARY REMOVABLE STRIPING AND PAVEMENT MARKING TAPE
(6 months or less)

Advanced Traffic Marking, ATM Series 200
Brite-Line, Series 100

P.B. Laminations, Aztec, Grade 102
Swarco Industries, "Director-2"
3M, "Stamark" Brand, Detour Grade, Series 5710 and Series A620

PREFORMED THERMOPLASTIC (Heated in place)
Flint Trading, "Premark" and "Premark 20/20 Flex"
Pavemark, "Hotape"

REMOVABLE TRAFFIC PAINT
Belpro, Series 250/252 and No. 93 Remover

CLASS 1 DELINEATORS

ONE-PIECE DRIVEABLE FLEXIBLE TYPE, 66"
Carsonite, Curve-Flex CFRM-400
Carsonite, Roadmarker CRM-375
Davidson Plastics, "Flexi-Guide Models 400 and 566"
GreenLine Model HWD1-66 and CGD1-66
J. Miller Industries, Model JMI-375 (with soil anchor)

SPECIAL USE FLEXIBLE TYPE, 48"
Carsonite, "Survivor" with 18" U-Channel anchor
FlexStake
GreenLine Models HWD and CGD (with 18" soil anchor)
Safe-Hit with 8" pavement anchor (SH248-GP1)
Safe-Hit with 15" soil anchor (SH248-GP2) and with 18" soil anchor (SH248-GP3)

SURFACE MOUNT FLEXIBLE TYPE, 48"
Bent Manufacturing Co., "Masterflex" Model MF-180EX-48"
Carsonite, "Super Duck II"
FlexStake, Surface Mount

CHANNELIZERS

SURFACE MOUNT TYPE, 36"
Bent Manufacturing Co., "Masterflex" Models MF-360-36(Round) and MF-180-36(Flat)
Carsonite, "Super Duck" (Flat SDF-436, Round SDR-336)
Carsonite, Super Duck II Model SDCF203601MB "The Channelizer"
Davidson Plastics, Flex-Guide FG300
FlexStake, Surface Mount
GreenLine, Model SMD-36

The Line Connection, "Dura-Post" Model DP36-3 (Permanent)
The Line Connection, "Dura-Post" Model DP36-3C (Temporary)
Repo, Models 300 and 400
Safe-Hit, Guide Post, Model SH236SMA

OBJECT MARKERS

TYPE "K", 18"

Carsonite, Model SMD-615
Repo, Models 300 and 400
Safe-Hit, Model SH718SMA
The Line Connection, Model DP21-4K

TYPE "K-4", 18"-24"

(Shown as "Q" in the Traffic Manual)

Carsonite, Super Duck II
Repo, Models 300 and 400
Safe-Hit, Models SH824SMA--WA and SH824GP3--WA
The Line Connection, Model "DP21-4Q"

TEMPORARY RAILING (TYPE K) REFLECTORS AND CONCRETE BARRIER MARKERS

IMPACTABLE TYPE

Astro Optics "FB"
Davidson Plastics, Model PCBM-12
Duraflex Corp., "Flexx 2020" and "Electriflexx"

NON-IMPACTABLE TYPE

Astro-Optics, JD Series
Stimsonite, Model 967 (with 3 1/4" Acrylic cube corner reflector)
Stimsonite, Model 967LS
Vega Molded Products, Models GBM and JD

THREE BEAM BARRIER MARKERS (For use to the left of traffic)

Duraflex Corp., "Railrider"
Davidson Plastics, "Mini" (3"x10")

REFLECTIVE SHEETING

CHANNELIZERS, BARRIER MARKERS AND DELINEATORS

3M, High Intensity
Reflexite, PC-1000, Metalized Polycarbonate
Reflexite, AC-1000, Acrylic
Reflexite, AP-1000, Metalized Polyester

Reflexite, AR-1000, Abrasion Resistant Coating)
Stimsonite, Series 6200 (For rigid substrate devices only)

TRAFFIC CONES, 13" Sleeves
Reflexite SB (Polyester), Vinyl or "TR" (Semi-transparent)

TRAFFIC CONES, 4" and 6" Sleeves
3M Series 3840
Reflexite Vinyl or "TR" (Semi-transparent)

BARRELS AND DRUMS
Reflexite, "Super High Intensity"
3M Series 3810

BARRICADES, Type I, Engineer Grade
American Decal, Adcolite
Avery Dennison, 1500/1600
3M, Scotchlite, Series CW

SIGNS, Type II, Super Engineer Grade
Avery Dennison, "Fasign" 2500 Series
Kiwalite, Type II
Nikkalite 1800 Series

SIGNS, Type III, High Performance
3M, Series 3780

SIGNS, Type IV, High Performance
Stimsonite Series 6200

SIGNS, Roll-Up Signs
Reflexite, Vinyl (Orange), Reflexite "SuperBright" (Fluorescent orange)
3M Series RS34 (Orange) and RS20 (Fluorescent orange)

SIGN SUBSTRATE FOR CONSTRUCTION AREA SIGNS
ALUMINUM

FIBERGLASS REINFORCED PLASTIC (FRP)
Sequentia, "Polyplate" Fiber-Brite

SECTION 9. DESCRIPTION OF WORK AND WORK INCLUDED

9-1.01 DESCRIPTION OF WORK

The work includes, in general, involves installation of curbs, gutters and sidewalk, wheelchair ramps, tree removals and fence relocations.

9-1.02 WORK INCLUDED

This project includes, but is not necessarily limited to, all work shown on the Project Plans, these Special Provisions, all drawings, plans, and specifications referenced elsewhere in these Special Provisions, as well as all work necessary or related to this project, as required to fulfill the intent of the plans and specifications for this project.

It is the intent of these Special Provisions to completely construct the various items of work as required to provide a finished and completed project to the highest standards of the industry consistent with these plans and specifications. All such work as shown and in compliance with the plans and specifications shall be included under the bid item. Any and all items of work not specifically listed or defined, but required to complete the project and fulfill the intent of the plans and specifications, shall be included under the applicable various items of work in the bid proposal.

No additional or separate payment will be made for work incidental or related to the bid items. All reference to contract measurement and payment shall be as shown under these Special Provisions as they supersede all other references.

The work includes all necessary clearing, grubbing, removals, roadway preparation to include application of a herbicide to all weeds within the roadway, preservation, maintenance and/or restoration of all existing facilities, signs, structures, etc., which are to remain in service; matching and meeting of existing grades; protection of existing utility valve box/manhole covers; and all incidental work related to the project.

SECTION 10. CONSTRUCTION DETAILS

10-1. GENERAL

10-1.01 ORDER OF WORK

Order of work shall conform to the provisions in Section 5 1.05, "Order of Work," of the Standard Specifications and these special provisions.

The first order of work shall be to pothole and verify horizontal and vertical locations for water and sewer main including service lines points of connection, and then pothole all of the utilities (gas, electrical, phone, ctv, ...) within the limits of construction and provide horizontal and vertical location data to the Engineer of any possible conflicts with existing water and sewer service lines

10-1.02 MOBILIZATION

Mobilization shall conform to the provisions in Section 11, "Mobilization," of the Standard Specifications.

After completion of the contract items of work, except the warranty, the amount, if any, of the contract item price for mobilization in excess of 10 percent of the original contract amount will be included for payment in the final progress payment.

Personal vehicles of the Contractor's employees shall not be parked on the traveled way or shoulders including any section closed to public traffic.

The Contractor shall notify local authorities of the Contractor's intent to begin work at least 5 days before work is begun. The Contractor shall cooperate with local authorities relative to handling traffic through the area and shall make arrangements relative to keeping the working area clear of parked vehicles.

Mobilization is a lump sum (LS) item.

10-1.03 INSURANCE AND BONDS

Insurance and bonds shall conform to Section 6.4 of these Special Provision.

Insurance and bonds is a lump sum (LS) item.

10-1.04 PROVIDE AND MAINTAIN STORM WATER PROTECTION

BMP's will be required for the duration of the project including, but not limited to, inlet protection, washout stations, track-out prevention and the proper handling and storage of construction materials and debris will be strictly enforced by the City. The City will make weekly (daily if deemed necessary) site inspections to ensure compliance with the BMP's.

Full compensation for providing BMP's and maintaining storm water protection shall be considered as included in the various contract items.

10-1.05 DUST CONTROL

Dust control shall conform to the provisions in Section 10, "Dust Control," of the Standard Specifications and these special provisions.

This is a contract lump sum (LS) price paid for Dust Control includes full compensation for furnishing all labor, materials, tools, equipment & incidentals, for doing all the work involved in Dust Control as specified in the Specifications and these special provisions, and as directed by the Engineer and no additional compensation will be allowed therefore.

10-1.06 CONSTRUCTION AREA SIGNS

Construction area signs shall be furnished, installed, maintained, and removed when no longer required in accordance with the provisions in Section 12, "Construction Area Traffic Control Devices," of the Standard Specifications and these special provisions.

Type IV reflective sheeting for sign panels for portable construction area signs shall conform to the requirements specified under "Prequalified and Tested Signing and Delineation Materials" elsewhere in these special provisions.

Full compensation for Construction Area Signs is included in the contract lump sum (LS) price paid for Traffic Control, and no additional compensation will be allowed therefor.

10-1.07 MAINTAINING TRAFFIC

Attention is directed to Sections 7-1.08, "Public Convenience," 7-1.09, "Public Safety," and 12, "Construction Area Traffic Control Devices," of the Standard Specifications and to the Section entitled "Public Safety" elsewhere in these special provisions, and these special provisions. Nothing in these special provisions shall be construed as relieving the Contractor from the responsibilities specified in Section 7-1.09. Lane closures shall conform to the provisions in section 10-1.07 "Traffic Control System for Lane Closure" of these special provisions.

Full compensation for Maintaining Traffic shall be considered in the lump sum (LS) price paid for Traffic Control and no additional compensation will be allowed therefore.

Pedestrian access facilities shall be provided through construction areas within the right of way as specified herein and as to maintain normal pedestrian travel patterns to the maximum extent practical. Pedestrian walkways shall be surfaced with asphalt concrete, Portland cement concrete or timber. The surface shall be skid resistant and free of irregularities. Walkways shall be kept clear of obstructions.

Full compensation for providing pedestrian facilities shall be considered as included in the lump sum (LS) price paid for Traffic Control and no additional compensation will be allowed therefore.

10-1.08 LANE CLOSURE REQUIREMENTS AND CONDITIONS

Lane closures shall conform to the provisions in "Maintaining Traffic" of these special provisions and these special provisions.

The term closure, as used herein, is defined as the closure of a traffic lane or lanes, including ramp or connector lanes, within a single traffic control system.

CLOSURE SCHEDULE

By noon Monday, the Contractor shall submit a written schedule of planned closures for the following week period, defined as Friday noon through the following Friday noon. The Closure Schedule shall show the locations and times when the proposed closures are to be in effect. The Contractor shall use the Closure Schedule request forms furnished by the Engineer. Closure Schedules submitted to the Engineer with incomplete, unintelligible or inaccurate information will be returned for correction and resubmittal. The Contractor will be notified of disapproved closures or closures that require coordination with other parties as a condition of approval.

CONTINGENCY PLAN

The Contractor shall prepare a contingency plan for reopening closures to public traffic. The Contractor shall submit the contingency plan for a given operation to the Engineer within one working day of the Engineer's request.

Full compensation for lane closure requirements and conditions shall be considered as included in the lump sum price paid for traffic control and no additional compensation will be allowed therefore.

10-1.09 TRAFFIC CONTROL

Flagging, signs, barricades, and all other traffic control devices furnished, installed, maintained, and removed when no longer required shall conform to the provisions in Section 12, "Construction Area Traffic Control Devices," of the Standard Specifications and these special provisions.

Category 1 traffic control devices are defined as those devices that are small and lightweight (less than 45 kg {100 pounds}), and have been in common use for many years. The devices shall be known to be crashworthy by crash testing, crash testing of similar devices, or years of demonstrable safe performance. Category 1 traffic control devices include traffic cones, plastic drums, portable delineators, and channelizers.

If requested by the Engineer, the Contractor shall provide written self-certification for crashworthiness of Category 1 traffic control devices. Self-certification shall be provided by the manufacturer or Contractor and shall include the following: date, Federal Aid number (if applicable), expenditure authorization, district, county, route and kilometer post {post mile} of project limits; company name of certifying vendor, street address, city, state and zip code; printed name, signature and title of certifying person; and an indication of which Category 1 traffic control devices will be used on the project. The Contractor may obtain a standard form for self-certification from the Engineer.

Category 2 traffic control devices are defined as those items that are small and lightweight (less than 45 kg {100 pounds}), that are not expected to produce significant vehicular velocity change, but may otherwise be potentially hazardous. Category 2 traffic control devices include: barricades and portable sign supports.

Category 2 devices purchased on or after October 1, 2000 shall be on the Federal Highway Administration (FHWA) Acceptable Crashworthy Category 2 Hardware for Work Zones list. Category 2 devices that have not received FHWA acceptance, and were purchased before October 1, 2000, may continue to be used until they complete their useful service life or until January 1, 2003, whichever comes first. Category 2 devices in use that have received FHWA acceptance shall be labeled with the FHWA acceptance letter number and the name of the manufacturer by the start of the project. The label shall be readable. After January 1, 2003, all Category 2 devices without a label shall not be used on the project.

If requested by the Engineer, the Contractor shall provide a written list of Category 2 devices to be used on the project at least 5 days prior to beginning any work using the devices. For each type of device, the list shall indicate the FHWA acceptance letter number and the name of the manufacturer.

Full compensation for providing self-certification for crashworthiness of Category 1 traffic control devices and for providing a list of Category 2 devices used on the project and labeling Category 2 devices as specified shall be included in the lump sum price for this item and no additional compensation will be allowed therefor.

The contract lump sum (LS) price paid for Traffic Control includes full compensation for submitting and acquiring all required permits from the City and/or County if applicable, furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in Traffic Control complete in place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

10-1.10 BARRICADES

Barricades shall be furnished, placed, and maintained at the locations designated by the Engineer, shown on the plans, or specified and shall conform to the provisions in Section 12, "Construction Area Traffic Control Devices," of the Standard Specifications and these special provisions.

Type II reflective sheeting for stripes on barricade rail faces shall conform to the requirements specified under "Prequalified and Tested Signing and Delineation Materials," elsewhere in these special provisions.

Construction area sign and marker panels conforming to the requirements in Section 12 3.06, "Construction Area Signs," of the Standard Specifications shall be installed on barricades as directed by the Engineer at the locations shown on the plans.

Sign panels for construction area signs and marker panels installed on barricades shall conform to the requirements of sign panels for stationary mounted signs in Section 12 3.06A, "Stationary Mounted Signs," of the Standard Specifications.

Full compensation for furnishing, installing, maintaining, and removing barricades and construction area signs and markers on barricades shall be considered as included in the contract lump sum price paid for Traffic Control System and no separate payment will be made therefore.

10-1.11 CLEARING AND GRUBBING

Clearing and grubbing shall conform to the provisions in Section 16, "Clearing and Grubbing," of the Standard Specifications.

Contractor shall cut and remove existing trees with a trunk less than or equal to six (6") inches in diameter, tree stump, tree roots, shrubs and plant material in conflict with proposed improvements shown on the plans. Full compensation for cutting and removing trees with a trunk less than or equal to six (6") inches in diameter, tree stump, tree roots, shrubs and plant material shall be included in the contract price paid for Clearing and Grubbing and no additional compensation will be allowed therefor.

The lump sum (LS) price paid for Clearing and Grubbing shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals and for doing all the work involved in clearing and grubbing as shown on the plans and specified herein, including the removal and disposal of all the resulting material.

10-1.12 EXISTING HIGHWAY FACILITIES

The work performed in connection with various existing highway facilities shall conform to the provisions in Section 15, "Existing Highway Facilities," of the Standard Specifications and these special provisions.

Except as otherwise provided for damaged materials in Section 15-2.04, "Salvage," of the Standard Specifications, the materials to be salvaged shall remain the property of the State or the City as designated on the Plans and as directed by the Engineer, and shall be cleaned, packaged, bundled, tagged, hauled and stockpiled.

The Contractor shall notify the Engineer and the State District Regional Recycle Coordinator, telephone (559) 488-4194 a minimum of 48 hours prior to hauling salvaged State materials to the State Recycle Center.

City materials to be salvaged shall be delivered to the Public Works Yard. Contact the Public Works Supervisor, (559) 637-4200, extension 214, forty eight (48) hours prior to delivering materials.

10-1.13 REMOVE EXISTING TREES

Existing trees shall be removed at locations shown on the plans.

The contract price paid for each (EA) for Remove Existing Trees shall be considered as included in the removal of existing trees with a trunk greater than six (6") inches in diameter and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in removing existing trees including stump grinding to a depth of 24" below finished grade as shown on the plans, as specified in the Standard Specifications and these special provisions as directed by the Engineer, including the removal and disposal of all the resulting material.

10-1.14 COMPACTION TESTING

Compaction testing shall be in accordance with the Plans and these special provisions.

Payment for initial Compaction Testing will be paid for by the City. Any required retesting shall be paid for by the contractor.

10-1.15 SAW-CUTTING

Where existing pavement or concrete is to be removed, it shall be saw cut to a minimum depth of two (2) inches or the full depth of the section, whichever is less, with an abrasive type saw at or outside the planned lines and removed without damage to any portion that is to remain. Should the contractor damage the saw-cut edges during construction, he shall then re-cut the edges at his cost.

Full compensation for Saw-Cutting shall be considered as included in the contract cubic yard (CY) price paid for Concrete Removal and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in saw-cutting and no separate payment will be made therefore.

10-1.16 CONCRETE REMOVAL AND DISPOSAL

Existing concrete improvements within the limits of the work and in conflict with the proposed improvements where shown and noted on the plans shall be excavated and removed from the project.

Full compensation for the removal and disposal of existing concrete improvements shall be considered as included in the contract cubic yard (CY) price paid for Concrete Removal & Disposal and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in and disposal of all the resulting material and no additional compensation will be allowed therefore.

10-1.17 RECONSTRUCTION OF EXISTING HIGHWAY FACILITIES

Existing highway facilities shown on the plans or specified in these special provisions to be removed, relocated or salvaged shall remain in place until their use, as determined by the Engineer, is no longer required.

Repair or replacement of damaged facilities shall be completed within 10 working days of the damage.

Full compensation for Reconstruction of Existing Highway Facilities shall be considered in the contract lump sum (LS) price paid for Clearing & Grubbing and no additional compensation will be allowed therefor.

10-1.18 NOT USED

10-1.19 NOT USED

10-1.20 NOT USED

10-1.21 NOT USED

10-1.22 NOT USED

10-1.23 NOT USED

10-1.24 MISCELLANEOUS FENCE RELOCATIONS

Existing wood, wrought iron, and chain link fences in conflict with proposed improvements shall be relocated at locations shown on the plans or as directed by the Engineer.

Full compensation for relocating a wood fence and gate as shown on the plans, shall be included in the contract price paid per lineal foot (LF) for Wood Fence Relocation including furnishing replacement posts, wood fence boards and hardware as necessary to match existing and no additional compensation will be allowed therefor.

Full compensation for relocating a wrought iron fence and gate as shown on the plans, shall be included in the contract price paid per lineal foot (LF) for Wrought Iron Fence Relocation including furnishing replacement posts, wrought iron fence panels and hardware as necessary to match existing and no additional compensation will be allowed therefor.

Full compensation for relocating a chain link fence and gate as shown on the plans, shall be included in the contract price paid per lineal foot (LF) for Chain Link Fence Relocation including furnishing replacement posts, chain link fence fabric and hardware as necessary to match existing and no additional compensation will be allowed therefor.

10-1.25 SIDEWALK DRAIN RECTANGULAR STEEL TUBING

Existing sidewalk drains in areas of conflict with proposed improvements shall be reset at locations shown on the plans and City Standard Plan ST-15B, rectangular steel tubing. Rectangular steel sidewalk drain pipes shall be placed to grade prior to the placement of concrete sidewalk within the limits of the sidewalk drain pipe.

Full compensation for resetting sidewalk drains as shown on the plans, shall be included in the contract price paid for each (EA) for Sidewalk Drain Rectangular Steel Tubing and no additional compensation will be allowed therefor.

10-1.26 REMOVE AND RELOCATE MAILBOX

Existing mailboxes in areas of conflict with proposed improvements shall be reset at locations shown on the plans and City Standard Plan ST-23.

Full compensation for resetting mailboxes as shown on the plans including furnishing replacement posts and hardware as necessary, shall be included in the contract price paid for each (EA) for Remove and Relocate Mailbox and no additional compensation will be allowed therefor.

10-1.27 MISCELLANEOUS CONCRETE CONSTRUCTION

Sidewalk, curb ramps, curb and gutter and drive approaches shall conform to the provisions in Section 73, "Concrete Curbs and Sidewalks," of the Standard Specifications and these special provisions.

Concrete sidewalks, driveway approaches, alley approaches, residential transition drives, house walk transitions, fence mow strips, curb and gutter and curb ramps shall be concrete mix design of not less than 590 pounds of cementitious material per cubic yard, 6.28 sack mix and a 28 day 3,600 PSI strength.

The contract price paid per each (EA) for Concrete ADA Wheelchair Ramps shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete ADA Wheelchair Ramps as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer. The concrete curb return and gutter pan shall be included in the contract price paid per each (EA) for Concrete ADA Wheelchair Ramps. Wheelchair ramp detectable warning surface shall consist of raised truncated domes constructed or installed on curb ramps in conformance with the details shown on the plans and these special provisions. At the option of the Contractor, the detectable warning surface shall be prefabricated, cast-in-place, or stamped into the surface of the curb ramp. The color of the detectable warning surface shall be yellow conforming to Federal Standard 595B, Color No. 33538. Full compensation for detectable warning Surface shall be considered as included in the contract price paid for each (EA) Concrete ADA Wheelchair Ramp and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in the installation of the wheelchair ramp detectable warning surface (truncated domes) and no separate payment will be made therefore.

The contract price paid per each (EA) for Concrete ADA Wheelchair Ramps with Reinforced Valley Gutter shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete ADA Wheelchair Ramps with Reinforced Valley Gutter as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer. Wheelchair ramp

detectable warning surface shall consist of raised truncated domes constructed or installed on curb ramps in conformance with the details shown on the plans and these special provisions. At the option of the Contractor, the detectable warning surface shall be prefabricated, cast-in-place, or stamped into the surface of the curb ramp. The color of the detectable warning surface shall be yellow conforming to Federal Standard 595B, Color No. 33538. Full compensation for detectable warning Surface shall be considered as included in the contract price paid for each (EA) Concrete ADA Wheelchair Ramp with Reinforced Valley Gutter and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in the installation of the wheelchair ramp detectable warning surface (truncated domes) and no separate payment will be made therefore.

The contract price paid per lineal foot (LF) for Concrete Curb and Gutter shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete Curb and Gutter as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

The contract price paid per square foot (SF) for Concrete Sidewalk shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete Sidewalk as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

The contract price paid per square foot (SF) for Concrete Residential Driveway Approach shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete Residential Driveway Approach as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

The contract price paid per square foot (SF) for Concrete Residential Driveway Approach shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete Residential Driveway Approach as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

The contract price paid per square foot (SF) for Concrete Alley Approach along with the reinforced curb and gutter pan along the approach frontage shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Concrete Alley Approach as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

The contract price paid per square foot (SF) of concrete driveway transitions and house-walk transitions at various location as shown on the plans shall be include in the above quantity line items above and no additional compensation will be allowed therefore.

10-1.28 NOT USED

10-1.29 HMA PLUGS AND TRANSITIONS AT ALLEY AND DRIVEWAY APPROACHES

This work includes producing and placing hot mix asphalt (HMA) Type A. Asphalt concrete shall be produced at an established commercial mixing plant. The aggregate and asphalt binder shall be heated and mixed thoroughly.

Maximum size aggregate shall be 1/2 inch (medium).

Compaction shall be performed with a steel-tired tandem roller weighing not less than 3 tons and shall consist of not less than 2 complete coverages of the roller over each layer, with proper overlap to prevent displacement. The first coverage shall be completed before the temperature of the mixture drops below 250° F., unless a lower temperature is directed the Engineer.

The completed surfacing shall be true to grade and cross section, of uniform smoothness and texture, compacted firmly and free from depressions, humps or irregularities.

Compensation for the work performed under this section "Asphalt Concrete," shall conform to the provisions in Section 39-8.01, "Measurement," and Section 39-8.02, "Payment," of the Standard Specifications.

The contract price paid per square foot (SF) for Hot Mix Asphalt Concrete, Type 'A' shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in HMA Plugs And Transitions at Alley And Driveway Approaches as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

10-1.30 MAINTAIN/MODIFY EXISTING IRRIGATION FACILITIES

In addition to the provisions in Section 20, "Erosion Control and Highway Planting," of the Standard Specifications, the work performed in connection with the various existing irrigation system facilities shall conform to the provisions in Section 15, "Existing Highway Facilities," of the Standard Specifications and these special provisions.

Existing irrigation facilities shown on the plans or not shown on the plans or specified in these special provisions to be removed, relocated or salvaged shall remain in place until their use, as determined by the Engineer, is no longer required.

Existing irrigation facilities that are to remain, or are to be maintained, relocated or salvaged as part of this contract, shall be protected from damage. If the Contractor's operations damage the existing irrigation facilities, the Contractor shall, at the Contractor's expense, repair or replace the damaged facilities as follows:

Repair or replacement of damaged facilities shall be completed within 10 working days of the damage.

Replaced irrigation facilities shall be new, and of equal or better quality than the damaged facility. Replacement irrigation facilities shall be compatible with the irrigation systems to remain.

After repair or replacement of the facilities is complete, the Contractor shall demonstrate to the Engineer that the repaired or replaced facilities operate properly. When remote control valves are repaired or replaced, the valves shall be tested with the irrigation controller in the automatic mode.

Full compensation for maintaining, modifying existing irrigation facilities shall be considered as included in the contract lump sum (LS) price paid for Maintain/Modify Existing Irrigation Facilities and no additional compensation will be allowed therefore.

10-1.31 ADJUST WATER SERVICE BOX TO GRADE

Exiting water valve boxes within the limits of work and noted on the plans shall be adjusted to grade in accordance with the provisions in Section 15-2.05, "Reconstruction," of the Standard Specifications.

The contract price paid for each (EA) for Adjust Water Service Box to Grade shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals and for doing all the work involved in Adjust Water Service Box to Grade as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the City Engineer.

10-1.32 RELOCATE ROADSIDE SIGNS

Existing roadside signs shall be removed and relocated at new locations shown on the plans. Each roadside sign shall be installed at the new location on the same day said sign is removed from its original location.

Two holes shall be drilled in each existing post as required to provide a breakaway feature as shown on the plans.

Payment for Relocate Roadside Signs shall be included in the lump sum (LS) prices paid for Clearing and Grubbing, and no separate or additional payment will be made therefor.

10-1.33 MISCELLANEOUS FACILITIES

The contract lump sum price paid for Miscellaneous Facilities, shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in Miscellaneous Facilities, including, but not limited to, import soil, asphalt concrete (miscellaneous areas), reseeding of lawns and any other work necessary for completion of the work not specifically described on the plans or specifications, complete in place, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.

10-1.34 THERMOPLASTIC TRAFFIC STRIPE AND PAVEMENT MARKING

Thermoplastic traffic stripes (traffic lines) and pavement markings shall be applied in conformance with the provisions in Section 84, "Traffic Stripes and Pavement Markings," of the Standard Specifications and these special provisions.

Where striping joins existing striping, as shown on the plans, the Contractor shall begin and end the transition from the existing striping pattern into or from the new striping pattern a sufficient distance to ensure continuity of the striping pattern.

Thermoplastic material for traffic stripes and pavement markings shall be applied at a minimum thickness of 2.0 mm.

Full compensation for Thermoplastic Traffic Stripes, Pavement Markings and Pavement Markers is included in the contract lump sum (LS) price paid for Traffic Signs & Striping and no additional compensation will be allowed therefore.

10-1.35 REMOVE EXISTING TRAFFIC STRIPE AND PAVEMENT MARKINGS

All existing painted and/or thermoplastic pavement striping and pavement markings in conflict with the proposed improvements shall be removed from all roadways identified on the plans and as directed by the Engineer.

The lump sum (LS) price paid for removing painted and/or thermoplastic pavement striping and pavement marking and disposal shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals and for doing all the work involved in Remove Existing Traffic Stripe and Pavement Markings as shown on the plans and specified herein, including the removal and disposal of all the resulting material.

10-1.36 SLURRY SEAL, TYPE III

The contract unit price paid per square yard of Type III slurry seal shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in constructing the Type III slurry seal, complete and in place, including testing for and furnishing the mix design, cleaning the surface, furnishing added water and set-control additives, mixing water with asphaltic emulsion for coating the pavement, and protecting the seal until it has set, all as shown on the plans, and as directed by the Engineer.

Type III Slurry Seal shall conform to the provisions of 2006 Caltrans Standard Specifications Section 37-2 and these special provisions.

Aggregate for Slurry Seal shall be Type III, conforming to Section 37-2.02C of Caltrans Standard Specifications. Slurry seal shall be placed at a rate per square yard as specified in the Standard Specifications.

Polymer modified asphaltic emulsion shall be composed of a bituminous material uniformly emulsified with water and an emulsifying or stabilization agent and shall contain a polymer.

The polymer used in the manufacture of polymer modified asphaltic emulsions shall be at the option of the Contractor, either neoprene, or a copolymer of butadiene and styrene. The polymer used in the polymer modified asphaltic emulsion shall be homogenous and shall be milled into the product at the colloid mill.

The polymer modified asphalt emulsion shall be grade PMCQS1h and shall conform to the following requirements:

Type	Cationic	
Grade	PMCQS1h	
Properties	Min.	Max.
Tests on Emulsion:		
Viscosity SSF @ 25°C, sec AASHTO Designation T-59	15	90
Sieve Test, % AASHTO Designation T-539	--	0.30
Storage Stability, 1 day, % AASHTO Designation T-59		1
Residue by Evaporation, % California Test 331	57	--
Particle Charge AASHTO Designation T-59	Positive	
Tests on Residue from Evaporation Test		
Penetration, 25°C AASHTO Designation : T 49	40	90
Ductility, 25°C, mm AASHTO Designation: T 51	400	--
Torsional Recovery, % California Test 332	18	--
Or		
Polymer Content, % California Test 401	2.5	--
When the test for polymer content of polymer modified asphaltic emulsion is used, see sampling requirements in Section 94-1.03, "Sampling" of the Caltrans Standard Specifications		

At least 24 hours prior to the beginning of slurry seal operations, the Contractor shall notify all residents, businesses, and agencies by an approved, written notice detailing streets and limits of work to be done and the hours of work. The Contractor shall, prior to the beginning of slurry seal operations, post streets that are to be worked upon with approved "No Parking - Tow Away" signs at 100 foot intervals. These signs shall state the day of the week and the hours of no parking or as approved by the Engineer.

SLURRY SEAL EXECUTION

All City manholes, flushing inlet covers, water valve covers and permanent monument covers shall be protected from contractor's slurry seal operations by placing a plastic bag over the exposed covers. All traces of plastic and cape seal shall be removed from all covers prior to final acceptance.

The Contractor shall protect all utility covers at his expense. However, Contractor is required to notify each utility company 48 hours in advance of his operations to allow each company to reference the location of their facilities.

When ordered by the Engineer, the Contractor shall furnish a pilot car, driver and flagmen for the purpose of expediting the passage of public traffic through the work to control traffic speed. Cat tracking will be required on all streets for safety during the curing time, and until final striping is completed. The cost thereof will be included in the other items of work.

Final cleanup shall consist of sweeping sidewalks, gutters and driveways prior to final brooming of street. Should the Contractor fail to take these precautions of clean up, the City, may, after reasonable attempts to notify the Contractor, cause such precautions and clean-up to be taken and shall charge the cost thereof against the Contractor or may deduct such cost from any amount due, or become due, from the City. City action or inaction under such circumstances shall not be construed as relieving the Contractor or his surety from liability.

The Contractor shall refrain from using diesel fuel or solvents of any kind for cleaning tools and equipment in such a manner as to permit spillage of the diesel fuel or solvent on new or existing pavement, curbs, gutters, parkways or other improved areas.

Basis for rejection of improperly placing slurry includes, but is not limited to, striation of surface, "balling" of material due to quickset and tracks or unauthorized vehicles, bicycles, and pedestrians.

The Contractor shall be responsible for notifying the affected property owners and businesses on the day prior to the scheduled work and to arrange for autos to be moved from the residence prior to start of the day's work.

CRACK SEALING AND AC PATCH (HMA)

Crack sealing shall conform to the Standard Specifications and these special provisions. Sealant material shall conform to ASTM D3405 and D5329. Asphaltic emulsion shall be either SS1h or CSS1h. All cracks greater than 1/4" wide within the project areas as indicated on the plans to be crack sealed shall be filled with an approved hot asphalt sealant. Crack preparation shall meet manufacturer's specification as approved by the City.

Bidders are responsible to evaluate and inspect each of the limits of the slurry seal site for crack seal and AC patch with hot mix asphalt conditions and anticipated quantities/man-hours. Full compensation for crack sealing and AC Patch with hot mix asphalt contract unit price paid per square yard of Slurry Seal, Type III shall include full compensation for furnishing all labor,

materials, tools, equipment, and incidentals and for doing all the work involved in crack sealing and AC Patch (HMA), complete in place, as specified in these specifications and directed by the Engineer.

Note: There may be very minor quantities of weed growth within the Slurry Seal, Type III limits of Work. Contractor shall apply an approved weed abatement product – submittal of product shall be accepted by the City Engineer prior to application. Full compensation for furnishing, applying and maintaining weed abatement on all street segments to be slurry sealed shall be considered as included in the per square yard of Slurry Seal, Type III and no separate payment will be made therefore.

SECTION 14

FEDERAL LABOR STANDARDS PROVISIONS

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (I) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(II) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(III) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(II) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(III) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(II) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(III) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

C. Health and Safety. The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.

(1) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(2) The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act, (Public Law 91-54, 83 Stat 96). 40 USC 3701 et seq.

(3) The contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. The contractor shall take such action with respect to any subcontractor as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.

STANDARD FEDERAL EQUAL EMPLOYMENT
OPPORTUNITY
CONSTRUCTION CONTRACT SPECIFICATIONS
(EXECUTIVE ORDER 11246)

a) The equal opportunity clause published at 41 CFR 60-1.4(a) of this chapter is required to be included in, and is part of, all nonexempt Federal contracts and subcontracts, including construction contracts and subcontracts. The equal opportunity clause published at 41 CFR 60-1.4(b) is required to be included in, and is a part of, all nonexempt federally assisted construction contracts and subcontracts. In addition to the clauses described above, all Federal contracting officers, all applicants and all nonconstruction contractors, as applicable, shall include the specifications set forth in this section in all Federal and federally assisted construction contracts in excess of \$10,000 to be performed in geographical areas designated by the Director pursuant to Sec. 60-4.6 of this part and in construction subcontracts in excess of \$10,000 necessary in whole or in part to the performance of nonconstruction Federal contracts and subcontracts covered under the Executive order.

Standard Federal Equal Employment Opportunity Construction Contract
Specifications (Executive Order 11246)

1. As used in these specifications:
 - a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
 - b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
 - c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941.
 - d. "Minority" includes:
 - (i) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - (ii) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish Culture or origin, regardless of

race);

(iii) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and

(iv) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or Subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7 a through p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered Construction contractors performing construction work in geographical areas where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in

the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or

community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with onsite supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and

discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative

action obligations (7a through p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7a through p of these Specifications provided that the contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

11. The Contractor shall not enter into any Subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at

least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

(b) The notice set forth in 41 CFR 60-4.2 and the specifications set forth in 41 CFR 60-4.3 replace the New Form for Federal Equal Employment Opportunity Bid Conditions for Federal and Federally Assisted Construction published at 41 FR 32482 and commonly known as the Model Federal EEO Bid Conditions, and the New Form shall not be used after the regulations in 41 CFR Part 60-4 become effective.
[43 FR 49254, Oct. 20, 1978; 43 FR 51401, Nov. 3, 1978, as amended at 45 FR 65978, Oct. 3, 1980]

14.5

SECTION 3 CLAUSE

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of section 3 and section 7(b) agree to comply with section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

Certification of Payments to Influence Federal Transactions

Applicant Name

Program/Activity Receiving Federal Grant Funding

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

I hereby certify that all the information stated herein, as well as any information provided in the accompaniment herewith, is true and accurate.

Warning: HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C. 1001, 1010, 1012; 31 U.S.C. 3729, 3802)

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

14.7

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

Apprentice Certification Guidelines

The purpose of this guidance is to assist you in obtaining an Apprentice Certification for construction projects subject to the Davis Bacon Act. The Department of Labor (DOL) has determined the computer printouts from the California Department of Industrial Relations (DIR) website are not accepted because the DIR and the Division of Apprenticeship Standards (DAS) no longer has authority for Federal Davis-Bacon purposes.

The Department of Labor Office of Apprenticeship (OA) assumed sole responsibility for the Federal registration and oversight of apprentices and apprenticeship programs in California. As a result, apprentices *must be* registered with OA via *Federally Registered Program Sponsors* for Federal Davis-Bacon purposes; and now, Certification Letters will be issued by the apprentice's Sponsor. Please note that not all apprentices and Sponsors registered with the State are registered with OA.

This site <http://oa.doleta.gov/> lists apprenticeship program sponsors recognized and registered by the Office of Apprenticeship. The official name of the program sponsor, along with street address, city, and State is shown. Apprenticeship programs are sponsored and operated on a voluntary basis by individual employers, employer associations, or partnerships between employers and labor unions. The data will be updated on a monthly basis. The data is presented by State and county, listing occupations in alphabetical order, followed by the employers who have a registered program for that occupation

There are 3 acceptable ways of documenting the Davis Bacon Act in California.

- First is their official certification letter which is now available via the apprentice's sponsor.
- Second is a letter they will produce under rare circumstances.
- The third way is the 671 agreement (also available from the apprentice's sponsor); many projects will accept the 671 agreement because that's the way it was done before the State lost its certification.

If you have any questions regarding this guidance, please do not hesitate to contact Patchara Baumgartner, Contractor Industrial Relations Specialist, at (415) 489-6727.

CHARTER OF THE COUNTY OF FRESNO

APPENDIX A

SECTION 41

SECTION 41: No officer or employee shall be interested directly or indirectly in any contract or transaction with the County or become a surety upon any bond given to the County.

No officer or employee shall receive any commission, money, or thing of value, or derive any profit, benefit, or advantage, directly or indirectly, from or by reason of any dealings with, or service for the County, by himself or otherwise, except his lawful compensation as such officer or employee.

As to members of appointive boards and commissions only, the following standards shall apply. No appointive board or commission member shall be financially interested in any contract made by any body or board of which he is a member. The meaning of the terms "financial interest" and "made" shall be consistent with State law. Nothing contained herein shall be construed to apply to a member of a board or commission which is purely advisory.

Any violation of the provisions of this section shall render the contract or transaction involved voidable at the option of the Board of Supervisors. It shall be the duty of every officer and employee who has knowledge of any violation of the provisions of this section to immediately report such violation to the Board of Supervisors. Failing to do so, he may be removed from his office or employment. (Amended June 3, 1980).

SECTION 15 - APPLICABLE STANDARD PLANS AND DETAILS

THE FOLLOWING IS A LIST OF THE VARIOUS STANDARD PLANS USED ON THIS PROJECT. THIS LIST IS NOT INTENDED TO BE INCLUSIVE AND IS FOR INFORMATIONAL PURPOSES ONLY:

- Caltrans, Standard Plan A20A – Detail-22
- Caltrans, Standard Plan A20D – Detail-38
- Caltrans, Standard Plan A24A – Pavement Markings
- Caltrans, Standard Plan A24D – Pavement Markings Words
- Caltrans, Standard Plan A24E – Pavement Markings Words, Crosswalk & Limit Line

- City of Reedley – Applicable Standard Plans

ST-4A	Curb, Gutter and Sidewalk
ST-4B	12-Ft Radius Curb Return with Wheelchair Ramp
ST-5A.2	Residential Driveway Approach Handicap Accessible
ST-5C	ADA Compliant Alley Approach
ST-6	Concrete Valley Gutter
ST-10A	Street Sign Location
ST-10B	Sign Installation
ST-15B	Sidewalk Drain Pipe
ST-23	Standard Mailbox Post Relocation Detail

APPENDIX

BID PROTEST PROCEDURE

The lack of prompt procedure to resolve disputes regarding the bidding process would impair the Owner's ability to carry out its purpose of contracting this project in a timely manner. Therefore, to the maximum extent authorized by law and notwithstanding any other procedures specified in these Contract Documents, all disputes and/or protests regarding the bidding process shall be subject to the following procedure. In submitting a Bid to the Owner for this project, the Bidder agrees to comply with and to be bound by this procedure.

1. Any Bid protest must be submitted in writing to the City before 5:00 p.m. on the fifth (5th) working day following Bid opening.
2. The Bid protest must contain a complete statement of the basis for the protest, and all supporting documentation. A non-refundable fee of One Thousand Dollars (\$1,000) made payable to the "City of Reedley" shall accompany the protest documents and will be used by the Owner to recover costs in evaluating the bid protest. A bid protest submitted without the requisite fee will be considered incomplete and will not be considered by the Owner.
3. The party filing the protest must have actually submitted a Bid for the work. A subcontractor of a party submitting a Bid for the work may not submit a Bid protest.
4. A party may not rely on the Bid protest submitted by another Bidder, but must timely pursue its own protest.
5. The protest must refer to the specific portion of the Contract Documents which forms the basis for the protest.
6. The protest must include the name, address and telephone number of the person representing the protesting party.
7. The party filing the protest must concurrently transmit a copy of the initial protest document and any attached documentation to all other Bidders, and the Bid protest must contain proof of service of the Bid protest on the other Bidders.
8. The protested Bidder shall have up to five (5) working days after the filing of a Bid protest to submit a written response. The responding Bidder shall transmit the response to the protesting Bidder concurrent with the deliver to the Owner.
9. The procedure and time limits set forth in this paragraph are mandatory and are the Bidder's sole and exclusive remedy in the event of Bid protest. The Bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue the Bid protest, including filing a Government Code Claim or legal proceedings.
10. The Owner will evaluate all proper Bid protests before the award of the contract to the lowest responsive and responsible Bidder.

Reedley City Street Improvements (Phase VI)
CDBG Project No. 14571**

DELAY CLAIM

This form is to be filed by the prime contractor to request an extension to the Time of Completion on a capital improvement project for unplanned events outside of the control of the contractor. Time extensions will only be granted when the event impacts an activity that is on the critical path, as determined by the City Engineer. Claims must be filed within ten (10) days of event.

Project: _____

Company: _____

Contact Person: _____ **Phone/Fax:** _____

Start Date of Event: _____ **End Date of Event:** _____

Type of Event: _____

Explanation of Project Impacts: _____

Contract Completion Date: _____ **Requested Completion Date:** _____

I, (Name) _____ being the (Title) _____ (must be an officer) of (Company) _____ (General Contractor), declare under penalty of perjury under the laws of the State of California, and do personally certify and attest that: I have thoroughly reviewed the attached claim for extension of time, and know its contents, and said claim is made in good faith; the supporting data is truthful and accurate; that the time requested accurately reflects the contract adjustment for which the Contractor believes the Owner is liable; and, further, that I am familiar with California Penal Code section 72 and California Government Code Section 12560, et seq., pertaining to false claims, and further know and understand that submission of certification of a false claim may lead to fines, imprisonment, and/or other severe legal consequences. I also understand that approval of a time extension will not result in additional payments to me, unless specifically authorized by a contract amendment.

STATEMENT OF WORK FORCE NEEDS

(See following for instructions)

Preliminary (Anticipated)

Final (Completion)

PROJECT: Reedley City Street Improvements (Phase VI)

Contract No. _____

CDBG No. 14571

Part II: Contracts Awarded

1. Construction Contracts

A. Total dollar amount of all contracts awarded on the project	\$	
B. Total dollar amount of contracts awarded to Section 3 businesses	\$	
C. Percentage of total dollar amount that was awarded to Section 3 businesses		%
D. Total number of Section 3 businesses receiving contracts		

2. Non-Construction Contracts

A. Total dollar amount of non-construction contracts awarded on the project	\$	
B. Total dollar amount of non-construction contracts awarded to Section 3 businesses	\$	
C. Percentage of total dollar amount that was awarded to Section 3 businesses		%
D. Total number of Section 3 businesses receiving non-construction contracts		

Part III: Summary

Indicate the efforts made to direct the employment and other economic opportunities generated by this project, to the greatest extent feasible, toward low and very-low income persons, particularly those who are recipients of government assistance for housing. (Check all that apply)

___ Attempted to recruit low-income residents through: local advertising media, signs prominently displayed at the project site, contracts with the community organizations and public or private agencies operating within the County, or similar methods.

___ Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.

___ Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.

___ Coordinated with Youthbuild Programs administered in the metropolitan area in which the project is located.

___ Other; describe below.

BIDDER: _____

BY: _____ DATE: _____

TITLE: _____

Page ____ of ____

INSTRUCTIONS FOR STATEMENT OF WORK FORCE NEEDS

(also see page EMPO-3 in the project specifications)

This form must be completed and submitted by the Bidder prior to award of the Contract. Award may be expedited if the form is submitted with the Bid. Failure to submit the form prior to award will result in rejection of the bid.

The form will also be submitted by the Prime Contractor upon completion of the project.

When submitting with bid or prior to award, enter anticipated work force needs. When submitting at project completion, enter actual work force used.

Contractors on this project are subject to Section 3 requirements and must maintain appropriate documentation to establish that HUD financial assistance for the project was directed toward low- and very-low income persons.*

Part I: Employment and Training

A. Job Category	For construction positions, list each trade and provide data in Columns B-F for each trade where persons were employed.
B. Number of New Hires	Enter the number of new hires for each category of workers identified in Column A. New hire refers to a person who is not on the contractor's payroll for employment at the time of Selection for the Section 3 covered award.
C. Number of Lower Income New Hires	Enter the number of lower income new hires for each category of workers identified in Column A.
D. Percentage of Lower Income New Hire Staff Hours	Enter the percentage of all the staff hours of new hires worked by lower income new hires. Include staff hours for part-time and full-time positions.
E. Percentage of Total Staff Hours for Lower Income Employees & Trainees	Enter the percentage of the total staff hours worked by lower income employees and trainees. Include staff hours for part-time and full-time positions.
F. Number of Lower Income Trainees	Enter the number of lower income persons that were trained in connection with this project.

Part II: Construction Contracts

Where referenced, Section 3 businesses are defined in HUD's regulations at 24 CFR 135 as businesses which meet at least one of the criteria listed below:

1. A business that is at least 51 percent owned by Section 3 residents.
2. A business whose permanent, full-time employees include persons, at least 30% of whom are currently Section 3 residents, or within three years of the date of first employment with the business concern were Section 3 residents.
3. A business that provides evidence of a commitment to subcontract in excess of 25% of the dollar award of all subcontracts to be awarded to business concerns that meet the qualifications set forth in criteria 1 or 2.

Part III: Summary of Efforts - Self-explanatory

* For purposes of this Section 3 covered project, "lower income residents" means any individual who resides within the area of a Section 3 covered project, and whose family income does not exceed that shown in the table below.

PROJECT AREA FRESNO COUNTY	NUMBER OF PERSONS IN FAMILY							
	1	2	3	4	5	6	7	8
80% of Median Income=	31,550	36,050	40,550	45,050	48,700	52,300	55,900	59,500

FEDERAL WAGE DETERMINATION FEDERAL WAGE DECISION – No. CA150029 MODIFICATION No. 10

The Federal minimum wage rates for this project as predetermined by the United States Secretary of Labor are set forth in General Decision Number CA150029, dated April 17, 2015 which is incorporated in these Specifications by this reference as if fully set forth herein and which can be viewed at <http://www.wdol.gov/dba.aspx>. Addenda to modify the reference to Federal minimum wage rates to reflect revisions thereto, if necessary, will be issued to plan holders of record.

A ten (10) calendar day wage check prior to the bid opening date must be conducted and the updated wage rates used should the published determination change.

A hard copy of the Davis-Bacon (federal/state) wage rates applicable to the contract must be included in the Special Provisions. Said updated wage rates shall become part of the contract.

General Decision Number: CA150029 04/17/2015 CA29

Superseded General Decision Number: CA20140029

State: California

Construction Types: Building, Heavy (Heavy and Dredging) and Highway

Counties: Alameda, Calaveras, Contra Costa, Fresno, Kings, Madera, Mariposa, Merced, Monterey, San Benito, San Francisco, San Joaquin, San Mateo, Santa Clara, Santa Cruz, Stanislaus and Tuolumne Counties in California.

BUILDING CONSTRUCTION PROJECTS; DREDGING PROJECTS (does not include hopper dredge work); HEAVY CONSTRUCTION PROJECTS (does not include water well drilling); HIGHWAY CONSTRUCTION PROJECTS

Note: Executive Order (EO) 13658 establishes an hourly minimum wage of \$10.10 for 2015 that applies to all contracts subject to the Davis-Bacon Act for which the solicitation is issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.10 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

SCOPE OF WORK

Includes the installation testing, service and maintenance, of the following systems which utilize the transmission and/or transference of voice, sound, vision and digital for commercial, education, security and entertainment purposes for the following: TV monitoring and surveillance, background-foreground music, intercom and telephone interconnect, inventory control systems, microwave transmission, multi-media, multiplex, nurse call system, radio page, school intercom and sound, burglar alarms, and low voltage master clock systems.

A. SOUND AND VOICE TRANSMISSION/TRANSFERENCE SYSTEMS

Background foreground music, Intercom and telephone interconnect systems, Telephone systems Nurse call systems, Radio page systems, School intercom and sound systems, Burglar alarm systems, Low voltage, master clock systems, Multi-media/multiplex systems, Sound and musical entertainment systems, RF systems, Antennas and Wave Guide,

B. FIRE ALARM SYSTEMS Installation, wire pulling and testing

C. TELEVISION AND VIDEO SYSTEMS Television monitoring and surveillance systems Video security systems, Video entertainment systems, Video educational systems, Microwave transmission systems, CATV and CCTV

D. SECURITY SYSTEMS Perimeter security systems Vibration sensor systems Card access systems Access control systems, Sonar/infrared monitoring equipment

E. COMMUNICATIONS SYSTEMS THAT TRANSMIT OR RECEIVE INFORMATION AND/OR CONTROL SYSTEMS THAT ARE INTRINSIC TO THE ABOVE LISTED SYSTEMS SCADA (Supervisory Control and Data Acquisition) PCM (Pulse Code Modulation) Inventory Control Systems, Digital Data Systems Broadband and Baseband and Carriers Point of Sale Systems, VSAT Data Systems Data Communication Systems RF and Remote Control Systems, Fiber Optic Data Systems

WORK EXCLUDED Raceway systems are not covered (excluding Ladder-Rack for the purpose of the above listed systems). Chases and/or nipples (not to exceed 10 feet) may be installed on open wiring systems. Energy management systems. SCADA (Supervisory Control and Data Acquisition) when not intrinsic to the above listed systems (in the scope). Fire alarm systems when installed in raceways

(including wire and cable pulling) shall be performed at the electrician wage rate, when either of the following two (2) conditions apply:

1. The project involves new or major remodel building trades construction.
2. The conductors for the fire alarm system are installed in conduit.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Operator of helicopter (when used in erection work); Hydraulic excavator, 7 cu. yds. and over; Power shovels, over 7 cu. yds.

GROUP 2: Highline cableway; Hydraulic excavator, 3-1/2 cu. yds. up to 7 cu. yds.; Licensed construction work boat operator, on site; Power blade operator (finish); Power shovels, over 1 cu. yd. up to and including 7 cu. yds. m.r.c.

GROUP 3: Asphalt milling machine; Cable backhoe; Combination backhoe and loader over 3/4 cu. yds.; Continuous flight tie back machine assistant to engineer or mechanic; Crane mounted continuous flight tie back machine, tonnage to apply; Crane mounted drill attachment, tonnage to apply; Dozer, slope brd; Gradall; Hydraulic excavator, up to 3 1/2 cu. yds.; Loader 4 cu. yds. and over; Long reach excavator; Multiple engine scraper (when used as push pull); Power shovels, up to and including 1 cu. yd.; Pre-stress wire wrapping machine; Side boom cat, 572 or larger; Track loader 4 cu. yds. and over; Wheel excavator (up to and including 750 cu. yds. per hour)

GROUP 4: Asphalt plant engineer/box person; Chicago boom; Combination backhoe and loader up to and including 3/4 cu. yd.; Concrete batch plant (wet or dry); Dozer and/or push cat; Pull- type elevating loader; Gradesetter, grade checker (GPS, mechanical or otherwise); Grooving and grinding machine; Heading shield operator; Heavy-duty drilling equipment, Hughes, LDH, Watson 3000 or similar; Heavy-duty repairperson and/or welder; Lime spreader; Loader under 4 cu. yds.; Lubrication and service engineer (mobile and grease rack); Mechanical finishers or spreader machine (asphalt, Barber-Greene and similar); Miller Formless M-9000 slope paver or similar; Portable crushing and screening plants; Power blade support; Roller operator, asphalt; Rubber-tired scraper, self-loading (paddle-wheels, etc.); Rubber- tired earthmoving equipment (scrapers); Slip form paver (concrete); Small tractor with drag; Soil stabilizer (P & H or equal); Spider plow and spider puller; Tubex pile rig; Unlicensed constuction work boat operator, on site; Timber skidder; Track loader up to 4 yds.; Tractor-drawn scraper; Tractor, compressor drill combination; Welder; Woods-Mixer (and other similar Pugmill equipment)

GROUP 5: Cast-in-place pipe laying machine; Combination slusher and motor operator; Concrete conveyor or concrete pump, truck or equipment mounted; Concrete conveyor, building site; Concrete pump or pumpcrete gun; Drilling equipment, Watson 2000, Texoma 700 or similar; Drilling and

boring machinery, horizontal (not to apply to waterliners, wagon drills or jackhammers); Concrete mixer/all; Person and/or material hoist; Mechanical finishers (concrete) (Clary, Johnson, Bidwell Bridge Deck or similar types); Mechanical burm, curb and/or curb and gutter machine, concrete or asphalt); Mine or shaft hoist; Portable crusher; Power jumbo operator (setting slip-forms, etc., in tunnels); Screed (automatic or manual); Self-propelled compactor with dozer; Tractor with boom D6 or smaller; Trenching machine, maximum digging capacity over 5 ft. depth; Vermeer T-600B rock cutter or similar

GROUP 6: Armor-Coater (or similar); Ballast jack tamper; Boom- type backfilling machine; Assistant plant engineer; Bridge and/or gantry crane; Chemical grouting machine, truck-mounted; Chip spreading machine operator; Concrete saw (self-propelled unit on streets, highways, airports and canals); Deck engineer; Drilling equipment Texoma 600, Hughes 200 Series or similar up to and including 30 ft. m.r.c.; Drill doctor; Helicopter radio operator; Hydro-hammer or similar; Line master; Skidsteer loader, Bobcat larger than 743 series or similar (with attachments); Locomotive; Lull hi-lift or similar; Oiler, truck mounted equipment; Pavement breaker, truck-mounted, with compressor combination; Paving fabric installation and/or laying machine; Pipe bending machine (pipelines only); Pipe wrapping machine (tractor propelled and supported); Screed (except asphaltic concrete paving); Self-propelled pipeline wrapping machine; Tractor; Self-loading chipper; Concrete barrier moving machine

GROUP 7: Ballast regulator; Boom truck or dual-purpose A-frame truck, non-rotating - under 15 tons; Cary lift or similar; Combination slurry mixer and/or cleaner; Drilling equipment, 20 ft. and under m.r.c.; Firetender (hot plant); Grouting machine operator; Highline cableway signalperson; Stationary belt loader (Kolman or similar); Lift slab machine (Vagtborg and similar types); Maginnes internal full slab vibrator; Material hoist (1 drum); Mechanical trench shield; Pavement breaker with or without compressor combination); Pipe cleaning machine (tractor propelled and supported); Post driver; Roller (except asphalt); Chip Seal; Self-propelled automatically applied concrete curing machine (on streets, highways, airports and canals); Self-propelled compactor (without dozer); Signalperson; Slip-form pumps (lifting device for concrete forms); Tie spacer; Tower mobile; Trenching machine, maximum digging capacity up to and including 5 ft. depth; Truck- type loader

GROUP 8: Bit sharpener; Boiler tender; Box operator; Brakeperson; Combination mixer and compressor (shotcrete/gunite); Compressor operator; Deckhand; Fire tender; Forklift (under 20 ft.); Generator; Gunite/shotcrete equipment operator; Hydraulic monitor; Ken seal machine (or similar); Mixermobile; Oiler; Pump operator; Refrigeration plant; Reservoir-debris tug (self-propelled floating); Ross Carrier (construction site); Rotomist operator; Self-propelled tape machine; Shuttlecar; Self-propelled power sweeper operator (includes vacuum sweeper); Slusher operator; Surface heater; Switchperson; Tar pot firetender; Tugger hoist, single drum; Vacuum

cooling plant; Welding machine (powered other than by electricity)

GROUP 8-A: Elevator operator; Skidsteer loader-Bobcat 743 series or smaller, and similar (without attachments); Mini excavator under 25 H.P. (backhoe-trencher); Tub grinder wood chipper

ALL CRANES AND ATTACHMENTS

GROUP 1: Clamshell and dragline over 7 cu. yds.; Crane, over 100 tons; Derrick, over 100 tons; Derrick barge pedestal-mounted, over 100 tons; Self-propelled boom-type lifting device, over 100 tons

GROUP 2: Clamshell and dragline over 1 cu. yd. up to and including 7 cu. yds.; Crane, over 45 tons up to and including 100 tons; Derrick barge, 100 tons and under; Self-propelled boom-type lifting device, over 45 tons; Tower crane

GROUP 3: Clamshell and dragline up to and including 1 cu. yd.; Cranes 45 tons and under; Self-propelled boom-type lifting device 45 tons and under;

GROUP 4: Boom Truck or dual purpose A-frame truck, non-rotating over 15 tons; Truck-mounted rotating telescopic boom type lifting device, Manitex or similar (boom truck) over 15 tons; Truck-mounted rotating telescopic boom type lifting device, Manitex or similar (boom truck) - under 15 tons;

PILEDRIVERS

GROUP 1: Derrick barge pedestal mounted over 100 tons; Clamshell over 7 cu. yds.; Self-propelled boom-type lifting device over 100 tons; Truck crane or crawler, land or barge mounted over 100 tons

GROUP 2: Derrick barge pedestal mounted 45 tons to and including 100 tons; Clamshell up to and including 7 cu. yds.; Self-propelled boom-type lifting device over 45 tons; Truck crane or crawler, land or barge mounted, over 45 tons up to and including 100 tons; Fundex F-12 hydraulic pile rig

GROUP 3: Derrick barge pedestal mounted under 45 tons; Self-propelled boom-type lifting device 45 tons and under; Skid/scow piledriver, any tonnage; Truck crane or crawler, land or barge mounted 45 tons and under

GROUP 4: Assistant operator in lieu of assistant to engineer; Forklift, 10 tons and over; Heavy-duty repairperson/welder

GROUP 5: Deck engineer

GROUP 6: Deckhand; Fire tender

STEEL ERECTORS

GROUP 1: Crane over 100 tons; Derrick over 100 tons; Self-propelled boom-type lifting device over 100 tons

GROUP 2: Crane over 45 tons to 100 tons; Derrick under 100 tons; Self-propelled boom-type lifting device over 45 tons to 100 tons; Tower crane

GROUP 3: Crane, 45 tons and under; Self-propelled boom-type lifting device, 45 tons and under

GROUP 4: Chicago boom; Forklift, 10 tons and over; Heavy-duty repair person/welder

GROUP 5: Boom cat

--

TUNNEL AND UNDERGROUND WORK

GROUP 1-A: Tunnel bore machine operator, 20' diameter or more

GROUP 1: Heading shield operator; Heavy-duty repairperson; Mucking machine (rubber tired, rail or track type); Raised bore operator (tunnels); Tunnel mole bore operator

GROUP 2: Combination slusher and motor operator; Concrete pump or pumpcrete gun; Power jumbo operator

GROUP 3: Drill doctor; Mine or shaft hoist

GROUP 4: Combination slurry mixer cleaner; Grouting Machine operator; Motorman

GROUP 5: Bit Sharpener; Brakeman; Combination mixer and compressor (gunite); Compressor operator; Oiler; Pump operator; Slusher operator

FOOTNOTES:

Laborers working off or with or from bos'n chairs, swinging scaffolds, belts shall receive \$0.25 per hour above the applicable wage rate. This shall not apply to workers entitled to receive the wage rate set forth in Group 1-a below.

LABORER CLASSIFICATIONS

CONSTRUCTION SPECIALIST GROUP: Asphalt ironer and raker; Chainsaw; Laser beam in connection with laborers' work; Cast-in- place manhole form setter; Pressure pipelayer; Davis trencher - 300 or similar type (and all small trenchers); Blaster; Diamond driller; Multiple unit drill; Hydraulic drill

GROUP 1: Asphalt spreader boxes (all types); Barko, Wacker and similar type tampers; Buggymobile; Caulker, bander, pipewrapper, conduit layer, plastic pipelayer; Certified hazardous waste worker including Leade Abatement; Compactors of all types; Concrete and magnesite mixer, 1/2 yd. and under; Concrete pan work; Concrete sander; Concrete saw; Cribber and/or shoring; Cut granite curb setter; Dri-pak-it machine; Faller, logloader and bucket; Form raiser, slip forms; Green cutter; Headerboard, Hubsetter, aligner, by any method; High pressure blow pipe (1-1/2" or over, 100 lbs. pressure/over); Hydro seeder and similar type; Jackhammer operator; Jacking of pipe over 12 inches; Jackson and similar type compactor; Kettle tender, pot and worker applying asphalt, lay-kold, creosote, lime, caustic

and similar type materials (applying means applying, dipping or handling of such materials); Lagging, sheeting, whaling, bracing, trenchjacking, lagging hammer; Magnesite, epoxyresin, fiberglass, mastic worker (wet or dry); No joint pipe and stripping of same, including repair of voids; Pavement breaker and spader, including tool grinder; Perma curb; Pipelayer (including grade checking in connection with pipelaying); Precast-manhole setter; Pressure pipe tester; Post hole digger, air, gas and electric; Power broom sweeper; Power tampers of all types (except as shown in Group 2); Ram set gun and stud gun; Riprap stonepaver and rock-slinger, including placing of sacked concrete and/or sand (wet or dry) and gabions and similar type; Rotary scarifier or multiple head concrete chipping scarifier; Roto and Ditch Witch; Rototiller; Sandblaster, pot, gun, nozzle operators; Signalling and rigging; Tank cleaner; Tree climber; Turbo blaster; Vibrascreed, bull float in connection with laborers' work; Vibrator; Hazardous waste worker (lead removal); Asbestos and mold removal worker

GROUP 1-a: Joy drill model TWM-2A; Gardner-Denver model DH143 and similar type drills; Track driller; Jack leg driller; Wagon driller; Mechanical drillers, all types regardless of type or method of power; Mechanical pipe layers, all types regardless of type or method of power; Blaster and powder; All work of loading, placing and blasting of all powder and explosives of whatever type regardless of method used for such loading and placing; High scalers (including drilling of same); Tree topper; Bit grinder

GROUP 1-b: Sewer cleaners shall receive \$4.00 per day above Group 1 wage rates. "Sewer cleaner" means any worker who handles or comes in contact with raw sewage in small diameter sewers. Those who work inside recently active, large diameter sewers, and all recently active sewer manholes shall receive \$5.00 per day above Group 1 wage rates.

GROUP 1-c: Burning and welding in connection with laborers' work; Synthetic thermoplastics and similar type welding

GROUP 1-d: Maintenance and repair track and road beds. All employees performing work covered herein shall receive \$.25 per hour above their regular rate for all work performed on underground structures not specifically covered herein. This paragraph shall not be construed to apply to work below ground level in open cut. It shall apply to cut and cover work of subway construction after the temporary cover has been placed.

GROUP 1-e: Work on and/or in bell hole footings and shafts thereof, and work on and in deep footings. (A deep footing is a hole 15 feet or more in depth.) In the event the depth of the footing is unknown at the commencement of excavation, and the final depth exceeds 15 feet, the deep footing wage rate would apply to all employees for each and every day worked on or in the excavation of the footing from the date of inception.

GROUP 1-f: Wire winding machine in connection with guniting

or shot crete

GROUP 1-g, CONTRA COSTA COUNTY: Pipelayer (including grade checking in connection with pipelaying); Caulker; Bander; Pipewrapper; Conduit layer; Plastic pipe layer; Pressure pipe tester; No joint pipe and stripping of same, including repair of voids; Precast manhole setters, cast in place manhole form setters

GROUP 2: Asphalt shoveler; Cement dumper and handling dry cement or gypsum; Choke-setter and rigger (clearing work); Concrete bucket dumper and chute; Concrete chipping and grinding; Concrete laborer (wet or dry); Driller tender, chuck tender, nipper; Guinea chaser (stake), grout crew; High pressure nozzle, adductor; Hydraulic monitor (over 100 lbs. pressure); Loading and unloading, carrying and hauling of all rods and materials for use in reinforcing concrete construction; Pittsburgh chipper and similar type brush shredders; Sloper; Single foot, hand-held, pneumatic tamper; All pneumatic, air, gas and electric tools not listed in Groups 1 through 1-f; Jacking of pipe - under 12 inches

GROUP 3: Construction laborers, including bridge and general laborer; Dump, load spotter; Flag person; Fire watcher; Fence erector; Guardrail erector; Gardener, horticultural and landscape laborer; Jetting; Limber, brush loader and piler; Pavement marker (button setter); Maintenance, repair track and road beds; Streetcar and railroad construction track laborer; Temporary air and water lines, Victaulic or similar; Tool room attendant (jobsite only)

GROUP 4: Final clean-up work of debris, grounds and building including but not limited to: street cleaner; cleaning and washing windows; brick cleaner (jobsite only); material cleaner (jobsite only). The classification "material cleaner" is to be utilized under the following conditions:

- A: at demolition site for the salvage of the material.
- B: at the conclusion of a job where the material is to be salvaged and stocked to be reused on another job.
- C: for the cleaning of salvage material at the jobsite or temporary jobsite yard.

The material cleaner classification should not be used in the performance of "form stripping, cleaning and oiling and moving to the next point of erection".

GUNITE LABORER CLASSIFICATIONS

GROUP 1: Structural Nozzleman

GROUP 2: Nozzleman, Gunman, Potman, Groundman

GROUP 3: Reboundman

GROUP 4: Gunite laborer

WRECKING WORK LABORER CLASSIFICATIONS

GROUP 1: Skilled wrecker (removing and salvaging of sash, windows and materials)

GROUP 2: Semi-skilled wrecker (salvaging of other building materials)

FOOTNOTES:

Articulated dump truck; Bulk cement spreader (with or without auger); Dumpcrete truck; Skid truck (debris box); Dry pre-batch concrete mix trucks; Dumpster or similar type; Slurry truck: Use dump truck yardage rate.
 Heater planer; Asphalt burner; Scarifier burner; Industrial lift truck (mechanical tailgate); Utility and clean-up truck: Use appropriate rate for the power unit or the equipment utilized.

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Dump trucks, under 6 yds.; Single unit flat rack (2-axle unit); Nipper truck (when flat rack truck is used appropriate flat rack shall apply); Concrete pump truck (when flat rack truck is used appropriate flat rack shall apply); Concrete pump machine; Fork lift and lift jitneys; Fuel and/or grease truck driver or fuel person; Snow buggy; Steam cleaning; Bus or personhaul driver; Escort or pilot car driver; Pickup truck; Teamster oiler/greaser and/or serviceperson; Hook tender (including loading and unloading); Team driver; Tool room attendant (refineries)

GROUP 2: Dump trucks, 6 yds. and under 8 yds.; Transit mixers, through 10 yds.; Water trucks, under 7,000 gals.; Jetting trucks, under 7,000 gals.; Single-unit flat rack (3-axle unit); Highbed heavy duty transport; Scissor truck; Rubber-tired muck car (not self-loaded); Rubber-tired truck jumbo; Winch truck and "A" frame drivers; Combination winch truck with hoist; Road oil truck or bootperson; Buggymobile; Ross, Hyster and similar straddle carriers; Small rubber-tired tractor

GROUP 3: Dump trucks, 8 yds. and including 24 yds.; Transit mixers, over 10 yds.; Water trucks, 7,000 gals. and over; Jetting trucks, 7,000 gals. and over; Vacuum trucks under 7500 gals. Trucks towing tilt bed or flat bed pull trailers; Lowbed heavy duty transport; Heavy duty transport tiller person; Self-propelled street sweeper with self-contained refuse bin; Boom truck - hydro-lift or Swedish type extension or retracting crane; P.B. or similar type self-loading truck; Tire repairperson; Combination bootperson and road oiler; Dry distribution truck (A bootperson when employed on such equipment, shall receive the rate specified for the classification of road oil trucks or bootperson); Ammonia nitrate distributor, driver and mixer; Snow Go and/or plow

GROUP 4: Dump trucks, over 25 yds. and under 65 yds.; Water pulls - DW 10's, 20's, 21's and other similar equipment when pulling Aqua/pak or water tank trailers; Helicopter pilots (when transporting men and materials); Lowbedk Heavy Duty Transport up to including 7 axles; DW10's, 20's, 21's and other similar Cat type, Terra Cobra, LeTourneau Pulls, Tournorocker, Euclid and similar type equipment when

pulling fuel and/or grease tank trailers or other miscellaneous trailers; Vacuum Trucks 7500 gals and over and truck repairman

GROUP 5: Dump trucks, 65 yds. and over; Holland hauler; Low bed Heavy Duty Transport over 7 axles

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and

non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
